Made Right, Fits Right & Last Longer

All of the parts in this catalog, with the exception of new old stock Ford parts, are reproduction or equivalent replacement type parts of Ford Motor Company parts and are represented or referenced by original Ford part numbers.

Reproduction Ford parts made from obsolete Ford tooling that are

licensed by but not manufactured by Ford are identified as Classic Parts From Original Tooling.

A reproduction part that duplicates a Ford licensed by but not manufactured by Ford is identified as an Official Licensed Product.

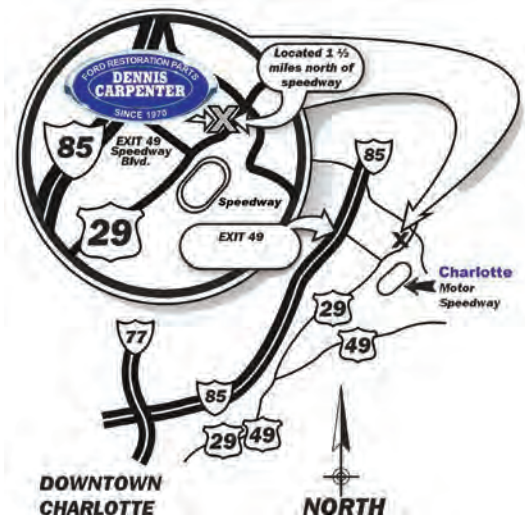

QUALITY HAS A NEW LOCATION

From humble beginnings in the basement, to the same building for 40 years, our showroom, order fulfillment & call center have now relocated to our new 90,000 square foot facility, to better serve you, our customers.

Located just 1 1/2 miles north of Charlotte Motor Speedway
Our new address is 21 Carpenter Court NW Concord, NC 28027

*Curbside Pickup Available
Call for Details 704-786-8139*

Carpenter Industries, Inc. attempts to maintain prices as published in the catalog. Due to the fact that we purchase materials from many manufacturers, we are not able to control all product costs. If the supplier goes up, we must raise our prices accordingly. As a result, our prices do change periodically and without notice. Please feel free to contact us for confirmation on current prices.

Errors in typographical content, pricing and imagery are subject to correction and may change without notice. C.I. will not be held liable or responsible if any inaccuracy exists in specifications or pricing. Applications listed in this catalog are based on original factory information. However, variances, will occur due to non-documented substitutions and changes made during the vehicles production.

This catalog supersedes all previous editions, including prices. All rights reserved. No part of this publication may be copied, reproduced, stored in any retrieval system, communicated or transmitted in any form by any means without prior approval.

WARNING!

Some products in this catalog are known to the State of California to cause cancer, birth defects, or other reproductive harm. For more information, visit www.p65warnings.ca.gov

Show Schedule - pg.6

Celebrating 50 Year

A look at how
Dennis Carpenter
Ford Restoration Parts
has grown over
the years.

1969

Dennis starts restoration on his 1940 Ford convertible, realizes the need for plastic knobs and convinces an antique car friend into developing tooling for making them. In this photo, Dennis' son Daniel stands beside his dad's disassembled Ford.

1970

Dennis takes extra dash knobs that he made to the Hershey AACA car show and sells out. Realizing that he is able to support his hobby, he continues to develop all dash knobs for 1932-48 Fords.

FIRST BUILDING

Purchased in 1973, it still stands today.

1971

Dennis takes out a 2nd mortgage on his house and buys a bigger injection molding machine for making better quality knobs in larger quantities. He moves his part time business from home into a rented vacant railroad depot.

1972

Dennis realizes that the weatherstripping and seals he purchased for his 1940 had hardened, cracked, and needed replacement after 6 months. He is determined to make premium quality weatherstripping for his 1940. Due to minimum production requirements, he starts selling the extras.

1973

Sales of his quality dash knobs and seals takes off, so he quits his full time job as a purchaser at a local textile plant. He buys a 5,000 sq. ft. building on Hwy 29 in Concord, NC. which is still located in the front of the business today. A late night train derailment forces a rush move into the building.

1974

Dennis purchases 25 acres of land behind his business for \$75,000.

1976

Dennis builds a 10,000 sq. ft. building next to the first one and remembers thinking that he was set for life as far as buildings go. Little did he know that it would eventually grow to be over 300,000 sq. ft.

1977

Dennis purchases two used stamping presses for making stamped metal parts and a used die casting machine for making emblems.

1978

Dennis hires his first tool and die man for making tooling for more new parts. He also purchases his first new Bridgeport milling machine.

1979

Growth of the company continues, and he builds a 25,000 sq. ft. warehouse and showroom that are still in use today.

1987

Because of inconsistent size and hardness of rubber from outside suppliers, Dennis decides to develop his own rubber extruding operation from a desire to offer the very best quality weatherstripping and seals.

Daniel Carpenter and Dennis Carpenter

“Our company’s success is attributed to providing our customers with what they want- quality products.”

-DENNIS CARPENTER

1990

Dennis buys more plastic injection machines and develops more plastic parts. He also starts making Cushman Motor Scooter parts in an effort to keep his employees busy in a bad economy.

3001

1993

Ford Motor Company works with Dennis to become the first official Ford licensee for products made with the Ford name or logo on them.

1994

Dennis (the original American picker) fulfills a dream in building a museum to house his long time collection of Fords, Ford memorabilia, Cushman scooters, tractors, and Americana.

1998

Ford Motor Company works with Dennis and his son Daniel on a pilot program to start using the original Ford tooling for parts they were no longer selling.

0001

2000

The Original Ford Tooling program becomes official. We buy bigger machines and build more buildings to take in these large tools and run them. We continue to count it a privilege to have Ford's trust and now have hundreds of original Ford tools in use. Ford traditionally scraps tools they are finished with. We are honored to save these tools from scrap for continued use, so we can make products for all the restorers out there that need them.

2003

Our biggest warehouse is built with 48,000 sq. ft. of high stack storage.

2005

Daniel Carpenter purchases the company from Dennis on a payment plan. Dennis is now able to focus on his core strength of developing new products and working with the tool makers.

2009

The economic downturn forces us to cut back and examine our ways but not one of our employees is laid off during the whole downturn. We are able to purchase some much needed equipment such as a digitizer and CNC machines at bargain prices from companies that were going out of business during this time.

2010

Edsel Ford II arrives at Carpenter Industries to tour the facilities.

2011

We transition to a new software and computer system after being on an old unix based system since 1991.

2013

We launch our all new user friendly web store.

2019

Major upgrades are made to manufacturing equipment and shipping procedures at Carpenters to facilitate positive company growth.

Dennis' years of experience is a valuable asset to Daniel who is continuously improving the evolution of Dennis Carpenter Ford Restoration Parts. As for the plastic dash knobs Dennis made for his 1940 Ford years ago, they still look great!

Show Schedule

SHOW NAME	LOCATION	DATE
Run to the Sun	Myrtle Beach, SC	March 18-20, 2021
Spring Auto Fair Charlotte	Concord, NC	CANCELLED

FORD OWNER'S ASSOCIATION

FORD-BODIED FORD POWERED FORD PROVEN

This association welcomes all Fords! This is for the love and enjoyment of this great American product. What is better than owning a Ford? This is a family oriented association for all ages. Our goals are: 1) To unite individuals with diverse interests, with the common goal of enjoying their Ford vehicles under one association. 2) To serve as a common interest point of unity for members of all special interest clubs featuring Ford vehicles. 3) To provide a website with areas designated for both public and membership access to

share stories, pictures, and questions. 4) To sponsor a yearly event that will be held the same time and same place every year. 5) To provide opportunities for members to come together to enjoy these vehicles, while developing new friendships, and to concentrate on the goals of having fun and getting to know other people who enjoy their Fords. 6) To encourage people to bring their vehicles to an event that will offer display classes, which concentrate on cleanliness and workmanship.

1 Year Membership \$10.00
3 Year Membership \$25.00

**Our Fairlane Door Seals
Are Made Exactly
Like The Originals**

**PREMIUM LINE
WEATHERSTRIPPING**
by Dennis Carpenter

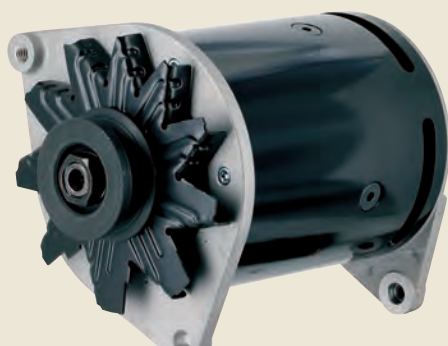

In the rubber splicing department at Dennis Carpenters, an employee is shown operating a heat-compression machine that bonds molded rubber sections with extruded sponge rubber to make door seals. Hanging on racks in the background are hundreds of segments of extruded rubber awaiting to become door seals.

**Our Fairlane Park
Light Lenses Are
Made Exactly
Like The Originals**

In the plastics department at Dennis Carpenters, an employee is shown operating one of twelve plastic injection machines. These machines, ranging from 30 ton up to 500 ton capacities, inject molten plastic under high pressure into mold cavities to produce many different types of plastic parts including park light and taillight lenses.

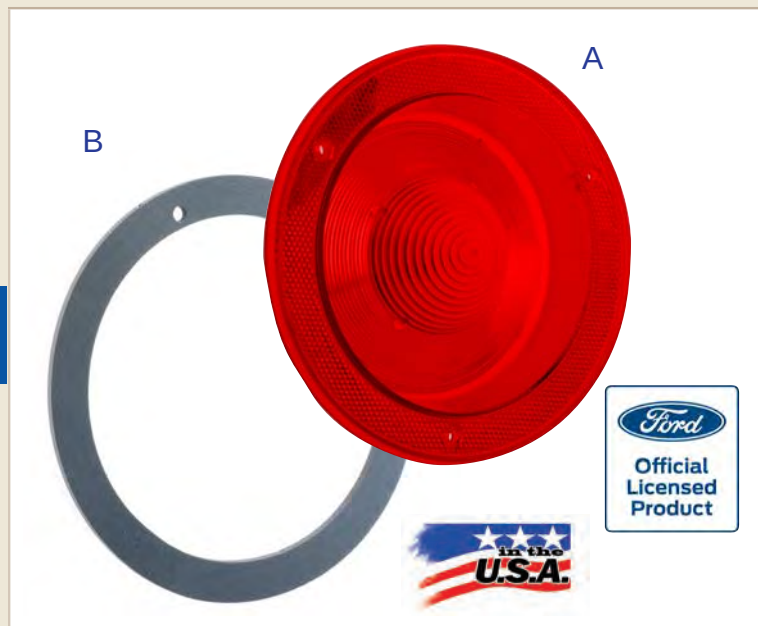

**Crisp & Concise
Molded Details**

Carpenter Brand*

- Long Lasting
- Exact of original
- Quality Materials

With over fifty years of experience Dennis Carpenter is the leading manufacturer and distributor of superior quality Ford weatherstripping and molded rubber parts. Our rubber extrusion department is capable of manufacturing 25,000 feet of specially formulated EPDM rubber to make our quality windshield and rear window seals.

VS.

Competitor Brand*

- Cheap Materials
- Cracks and fades
- Kinda like original

*After 6 months outside in the sun.

At Dennis Carpenter Ford Restoration Parts beginning with quality ingredients is essential to making our premium weather stripping products. Ethylene Propylene-Diene Monomer (E.P.D.M.) sponge rubber is an excellent polymer based compound that we use to make our car trunk seals and door seals. This sponge rubber has excellent properties allowing it to rebound into shape after compression providing longer lasting water tight seals.

We use 60 durometer E.P.D.M. dense rubber compound to make Ford car and truck windshield seals. Our specially formulated compound has a higher resistance to drying and shrinking from the sun's harmful ultraviolet rays providing a more durable and longer lasting seal. At Dennis Carpenter Ford Restoration Parts beginning with quality ingredients is key to making premium quality weather stripping products.

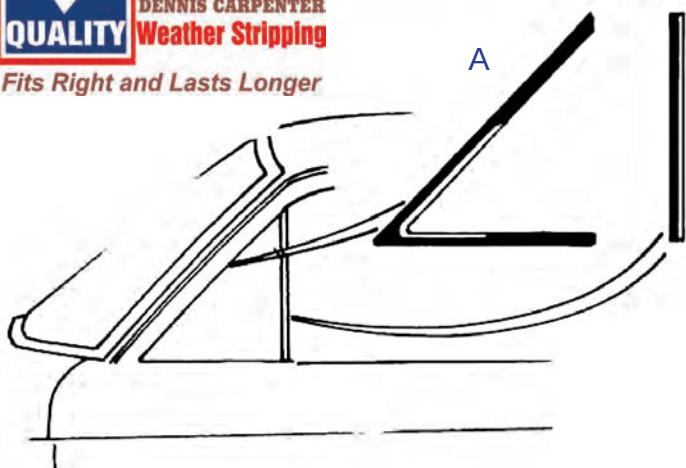

A rubber extrusion machine extending 92 feet is used at Carpenters to make 1,000s of feet of dense rubber and sponge rubber extrusion. The extruded rubber is then transferred to the rubber splicing department where it is used to make weather stripping products such as trunk seals and windshield seals.

The rubber splicing department is responsible for assembling complete weather stripping products. Here workers use hydraulic presses mounted with heat and compression molds to bond segments of dense extruded rubber and molded rubber corners to make windshield and rear window seals. Our sponge rubber door and trunk seals are also made here.

MADE IN THE USA

DYNALINER Thermal Insulator

Perfect for use on top of Dynamat Xtreme.

PART #	DESCRIPTION	SIZE	PRICE
DY-11101	Dynaliner 1/8" - 1 sheet	32" x 54" 12 sq ft	59.95 ea.
DY-11102	Dynaliner 1/4" - 1 sheet	32" x 54" 12 sq ft	74.95 ea.
DY-11103	Dynaliner 1/2" - 1 sheet	32" x 54" 12 sq ft	99.95 ea.

WHAT SIZE DYNALINER DO I NEED?

		Floor	Roof	Under Hood	Under Trim (Doors)	Fiberglass Enclosures
1/8"	3.2mm	✓	✓	✓	✓	✓
1/4"	6.4mm	✓	✓	✓	✓	✓
1/2"	12.7mm	✓	✓	✓	✓	✓

Be sure to choose the thickness that best suits your application.
✓ Indicates a thickness that is not optimal for that particular application.

INSTALLATION IS SIMPLE Just Peel and Stick!

1 Measure your material and cut to fit panel.

2 Remove paper release liner and stick one side in place.

3 Work evenly from one side to the other applying pressure.

**Our Fairlane Door Seals
Are Made Exactly
Like The Originals**

**CARPENTER
MADE**

PREMIUM LINE

WEATHERSTRIPPING

by Dennis Carpenter

In the rubber splicing department at Dennis Carpenters, an employee is shown operating a heat-compression machine that bonds molded rubber sections with extruded sponge rubber to make door seals. Hanging on racks in the background are hundreds of segments of extruded rubber awaiting to become door seals.

FLARE CLIP PLIERS

Used to install flare style type clips.

PART #	PRICE
TL-300	14.95 ea.

Many molding clips are a flare type design. To install a flare type clip you place the clip into position on body. Then use these specially made pliers to squeeze two outer center tabs together forcing the inner flare tabs to pinch against sheet metal thus holding the clip into place.

Dennis Carpenter Ford Khaki BallCap

Caps are low profile and 100% brushed cotton with a velcroed back for easy adjustment.

PART #	COLOR	SIZE	PRICE
DCF-2917	Khaki	One size fits all	14.95 ea.

* Shipping is not included but Cap do qualify for our flat rate shipping.

FLAT RATE SHIPPING

ON ALL DOMESTIC GROUND ORDERS*
*RESTRICTIONS APPLY. SEE ADDITIONAL DETAILS BELOW

\$99 or LESS get \$9.99 SHIPPING
\$100 or MORE get \$14.99 SHIPPING

Must ship by "ground" service within the contiguous US. This excludes Alaska, Hawaii, and Puerto Rico. Normal carrier rates apply.

Domestic Air and International service is not included. Normal carrier rates apply. Even though an order requires multiple packages or if any of the packages are oversized, bulky, and/or heavy, the shipping is still \$14.99 excluding items that require "Freight Truck Shipping". Any "domestic ground" order with a total parts value under \$100.00 will be charged a \$9.99 minimum shipping rate. These rates include insurance and handling.

Items such as hoods, bedsides, 12' bedstrips, doors, fenders, quarter panels require freight truck shipping. Items that require freight truck shipping are noted in catalog. If items requiring freight truck shipping are ordered with flat rate items, all items will be included for the same freight truck rate. See right for more details.

Preferred Carriers

Our preferred carriers are FedEx, UPS, and USPS for all parcel shipments. No other carriers are used. No exceptions.

FedEx

Special Handling:

Retail orders requiring special handling other than flat rate ground shipping will be estimated as shown below: The prices are estimates only. Actual shipping charges will apply.

Air Shipments

	Sm. Pkg.	Med. Pkg.	Lg. Pkg.
Next Day Air:	\$75.00	\$200.00	\$450.00
Sec. Day Air:	\$65.00	\$120.00	\$420.00

Freight Truck Shipment

	Shipping Fee	Crating Fee if applicable
Residential Address	\$250.00	\$75.00
Commercial Address	\$250.00**	\$75.00

**Lift Gate Fees are included in estimates above and range from \$30 to \$40. Depending on carrier this fee may be waived for orders delivered to a commercial address.

Freight Truck Shipping fees above are estimates only. Actual freight shipping charges will be applied when the order is shipped and invoiced. Items that require a freight truck cannot be included with flat rate shipping.

International Shipments All Except Canada

When calculating shipping for international orders, please use 60% of the order total parts value or \$60.00, whichever is greater. These figures are used for estimating purposes only. The actual amount will be added when the order is shipped and invoiced. International orders are shipped by the USPS most of the time, size and weight permitting. Customs clearance will be the responsibility of the consignee.

Canadian Shipments

When calculating shipping for Canadian orders, please use 30% of the order total parts value or \$48.00, whichever is greater. These figures are used for estimating purposes only. The actual amount will be added when the order is shipped and invoiced. Canadian orders are shipped by the USPS most of the time, size and weight permitting. Customs clearance will be the responsibility of the consignee.

Merchandise Returns:

- 1 All sales are considered final with the exception of warranty claims and merchandise shipped in error.
- 2 All returned merchandise must be in original packaging and is subject to inspection and approval prior to credit or exchange. Must be in new sale condition as determined by Carpenter Industries.

It is the customer's responsibility to check parts for correct fit BEFORE installation.

Any part that has been installed, disassembled, drilled, welded, cut, painted, or modified in any way, or is missing kit components is NOT eligible for return.

Electrical items that have NOT been installed and/or plugged in are eligible for return.

Electrical items that are authorized for return are still subject to inspection and approval prior to credit and/or exchange.

No returns accepted on any literature.

Any installation, disassembly or modification by a third party on the behalf of customer does not constitute an exception to our policy. Purchaser retains full responsibility for the condition of the part.

- 3 Returns within 30 days of invoice date are acceptable, any returns received after 30 days are subject to a 20% restocking fee. Returns after 180 days are subject to a 50% restocking fee.
- 4 **Absolutely NO returns accepted after one year from date of purchase. No exceptions.**
- 5 ALL RETURNS MUST HAVE A RETURN AUTHORIZATION RA NUMBER. Please call 1-800-476-9653, option 2, to obtain an RA number. Please have your purchase invoice number available when calling. C.I. is NOT responsible for unauthorized returns.
- 6 All returns must be shipped "pre-paid" and fully insured. COD or collect returns will not be accepted. In cases where a return is due to our error, "pre-paid" shipping charges will be refunded.
- 7 Refunds will be issued based upon the method of payment. i.e. cash for cash purchases, credit on a credit card for credit card purchases, etc.. On returns due to our error, your shipping expense will be reimbursed based only upon carriers charges.
- 8 All returns should be sent to: Carpenter Industries, Inc.
4140 Concord Parkway S
Concord NC 28027

Claims:

All claims must be taken up with Dennis Carpenter Restorations.

Please inspect all orders for damage and/or errors immediately upon receipt. Report all discrepancies to Carpenter Industries at 1-800-476-9653, option 2, within 7 days of receipt. No claims accepted after 7 days.

Please hold all original boxes and packaging materials for the carrier to inspect.

Warranty

We guarantee to replace or at our option, repair any product or parts which are found to be defective in material or workmanship within one year from the date of shipment. Our obligation with respect to such products or parts shall be limited to replacement or repair and in no event shall we be liable for consequential or special damages, or for transportation, installation, adjustment, or other expenses which may arise in connection with such products or parts. THIS WARRANTY EXPRESSLY MADE IN LIEU OF ANY AND ALL OTHER WARRANTIES EXPRESSED OR IMPLIED INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS.

In Memoriam Dennis Carpenter

August 3, 1938 - November 14, 2020

Dennis grew up on the family farm in Dover, MN which had been in the Carpenter family since the 1860's, where cows, pigs, chickens, corn, soy, and the apple orchard were a way of life. As a young teenager, he loved antiques and antique cars. As a young adult, he worked at a Ford dealership and later served in the US Army and Army Reserves, eventually moving to Charlotte, NC and starting a family of his own. In 1968 he began restoring his 1940 Ford convertible and soon realized many parts were unavailable. Knowing that others needed parts as well, in 1969 in the living room of his home, he produced his first auto parts, the 1940 Ford dash knobs, and from there it grew into what would become Dennis Carpenter Ford Restoration Parts, now celebrating its 50th year in Concord, NC.

Dennis' entrepreneurial spirit paved the way for him to meet people all over the world, establishing business relationships and friendships that continue to this day. He was very privileged to have a working relationship with Ford Motor Company to provide restoration parts that might have gone otherwise obsolete.

Dennis leaves behind a company that he built through hard work, dedication, and a remarkable passion for the collector car hobby, as well as all the people who help make it a reality. He was very proud and pleased to know that his son Daniel and granddaughter will continue his legacy and vision for future generations.

Edsell Ford II tours Dennis Carpenter's stamping press rooms and witnesses first hand how they make 1957 T Bird hub caps.

This day in 1998 is monumental as Dennis signs the Original Ford Tooling agreement with Ford Component Sales and becomes the first member of this exclusive organization.

Before the intranet, DC brought 1000's of his parts to the buying public at events like Hersey and Carlisle.

This all original 1937 Ford roadster was one of several barn finds that Dennis acquired over the years.

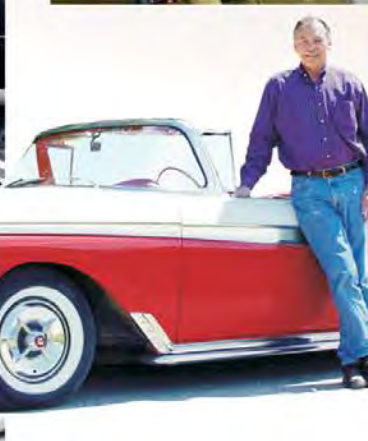

Dennis in the early days selling his parts at many Eastern swap meets and AACA events.

The metal stamping presses at Carpenters are capable of producing everything from 1956 truck bumpers to 1967 Ford Bronco hub caps.

Dennis and his son Daniel gaze intently as they watch a hired crane stand up the first of a series of heavy stamping presses in the newly built stamping press room.

This 1957 Ford convertible was one of Dennis' favorite daily drivers during the warmer season in the Carolinas.

A Snapshot of Dennis Carpenter and His Fords.

Growing up on a farm in Dover, Minnesota, Dennis Carpenter was raised with a strong work ethic and was taught early on how to use machinery and what made it work. Like many young guys he was fascinated with automobiles and by age 12 bought a 1941 Ford for \$12.00. It seemed that first car established an allegiance to Fords that Dennis would carry with him for the rest of his life.

Dennis' passion for Fords and making the parts to restore them has been the driving force at his company since 1970. From the rubber extrusion department comes Premium Line Weather Stripping products. From the stamping and injection dies comes a dynamic variety of Officially Licensed Ford and Original Ford Tooling parts. Passion can be described as "implied energetic and unflagging pursuit of an aim."

Dennis Carpenter's passion is to develop, engineer, and produce superior Ford restoration parts.

1962
Dennis with his new 1962 Galaxie. Base price was \$3,033.00. He added a push button radio for \$58.50

1960
Dennis in uniform.

1964 Dennis bought this 1956 Police car for \$160. It had a police interceptor engine with a manual transmission.

When Dennis became legal driving age he paid \$600.00 for this 1952 Mercury that also included a new set of tires. He later installed a 1956 Y Block and a manual transmission with overdrive.

Dennis Carpenter Ford

We don't just sell quality parts, we make them too.

Carpenters has been manufacturing Dennis Carpenter brand parts like our high quality weather stripping in our shop here in North Carolina for over 40 years.

We begin with the very best in raw materials. Ethylene Propylene-Diene Monomer sponge rubber is the polymer based compound that we use to make our trunk and door seals because of it's excellent ability to expand back into shape after compression. What that means is that you get doors that close soundly with a water tight seal.

The molten sponge rubber is injected and pulled through a mold that replicates the cross section shape. Then it's pulled through a curing, cleansing, and cooling bathes. You end up with the best weather stripping on the market that is going to last you a long, long time. The only thing that lasts longer is our commitment to making quality Ford Restoration Parts.
