## Gauge and Instrument Cluster Restoration Service

Eckler's Corvette offers professional gauge cluster restoration services that will make your cluster look and perform like new again. Just send US your instrument cluster (prepaid and fully insured). After we receive your 1953-1962 C1 Corvette gauge cluster, we professionally disassemble it and meticulously perform the following expert services.

1. Speedometer and tachometer: All parts are cleaned and inspected for wear. Worn parts are replaced. Faces are cleaned and polished. Pointers are repainted. Lenses are polished. Speedos and tachs are reassembled, tested and calibrated to factory specifications.
2. Battery, oil pressure gauge, fuel and temperature gauges: Faces are polished and pointers are repainted.
3. All parts are cleaned.
4. Gauges are tested and calibrated to factory specifications.
5. Housing is stripped and repainted factory colors, inside and out. Chroming is now available. Call for information and pricing!
6. Lenses are polished.
7. Odometer lens is polished.
8. Odometer cushions are usually replaced.
9. Blinker lenses are usually replaced.
10. Instrument clusters are reassembled and inspected for quality, appearance, and function.

**Note: When shipping your cluster in for service please send it prepaid and insured for \$2,500.00. If not insured then Eckler's cannot be responsible for damage incurred during shipping.**

Service includes restoration of cluster face and gauges plus speedometer and tachometer rebuild. Parts and replacement are extra (if required) and can cost up to \$450.00. Silk screening is extra (if required) \$39.99, \$228.99. Please inform US if you want your odometer set to your original mileage or back to zero. All gauges require calibration once the needle has been removed. Please allow 4-6 weeks turnaround time for service. During periods when we process high volumes of gauge restoration services, the turnaround time may be 2 to 3 weeks longer.

## Raingear 2-Speed Windshield Wiper Kits

- The best, most reliable wiper system for your Corvette

This Raingear wiper kit completely replaces your original wiper system with all new state-of-the-art components. The old wiper transmissions are replaced with new splined shafts and steel actuating arms for positive operation. The new wiper motor mounts completely under the dash, hidden from view outside or inside. A special trim plate is provided to cover the hole in the firewall where the original motor and center drive was attached. New wiring and a 2-speed (off, low, high) switch also comes with the kit. You may even adapt your original wiper knob to the new electric switch for a finished, original look. If you've ever been caught in a heavy rainstorm with non-functioning or poorly functioning wipers, then you will agree that our Raingear wiper kit is a must-have on any driven classic!

## Raingear 2-Speed Windshield Wiper System with Delay

System replaces problematic cables with a modern, rugged link and lever system

- Includes EVERYTHING needed except for windshield wiper arms, blades, and escutcheons
- Stock Corvette control knob fits onto included switch
- Made to fit original bars to preserve the correct stock-looking appearance
- Cross-mount master cylinders likely won't fit with this system installed
- Included switch must be used, cannot be controlled by any GM column-mounted wiper switches

*Note: original GM wiper switch controls the wiper motor via the ground wire. This system must be controlled by switching the positive wire.*

## Original Equipment Style Convertible Top Kits

- Convertible tops include: convertible top pads, convertible top window straps, wire-on trim strips and trim strip end cap set
- 5 year pro-rated warranty to original purchaser
- No date codes

1956-58 tops are made of heavyweight 36-38 oz. vinyl with black mildew-resistant backing and the rear window is sewn, just like the original. The 1959-62 tops are made with the correct "Small Dot" heavyweight vinyl and on the 1960-62, the rear window, as with the originals, is die-electric sealed onto the inside of the top. All seams are sewn or die-electric sealed as original by year. Tops are supplied with pad kits, washing instruction tag, stainless steel tips, hydram strip and pull straps.

## Jig-Fit and Press-Molded Front End Assemblies

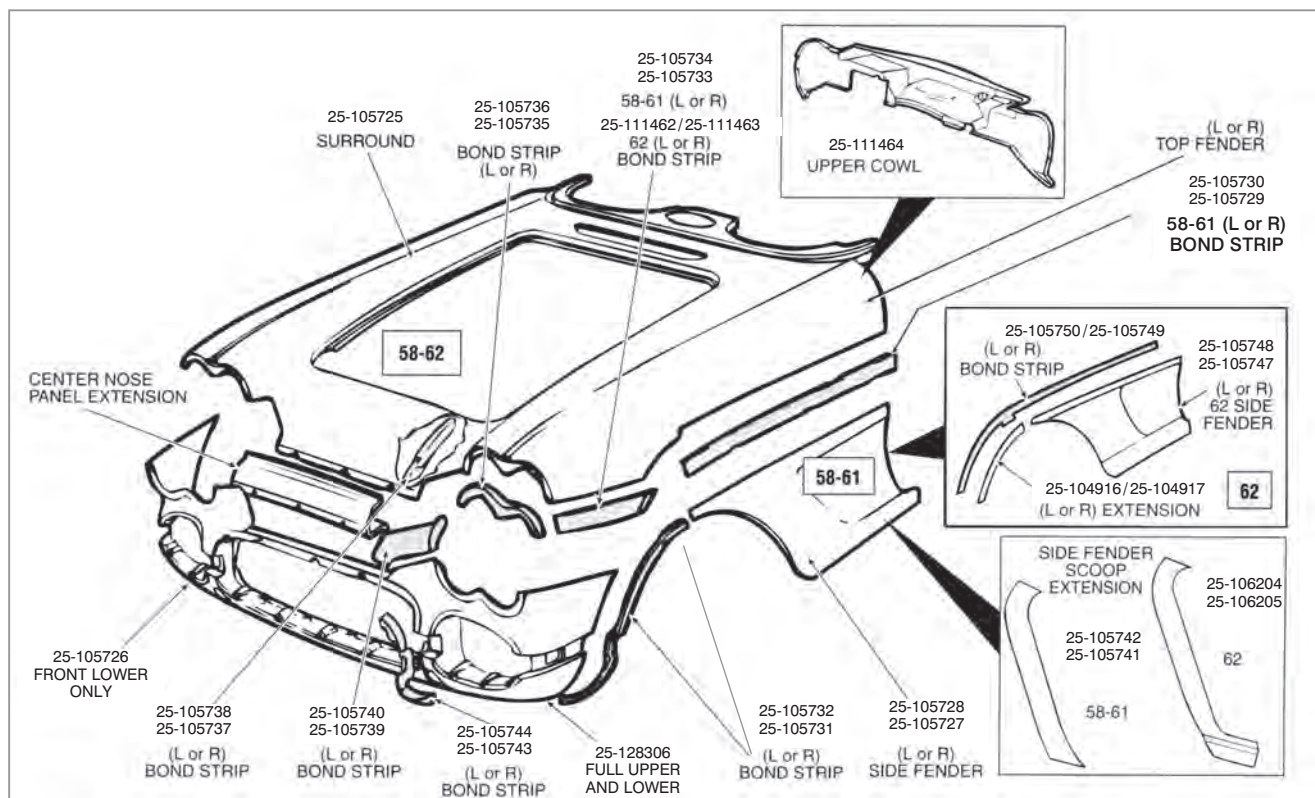

- Smooth, pressed finish front and back
- Resin pigmented to original factory colors
- Precisely assembled in a fixture - ready to install
- Original factory adhesive color and texture

Those demanding absolute authenticity of their restoration parts will find nothing better than these press-molded, resin-dyed fiberglass front end parts. Manufactured to the most stringent tolerances, these parts are indistinguishable from factory parts in color, configuration, uniformity and fit.

## Eckler's "How-To" DVDs

Let experts walk you step-by-step to a perfect repair or installation in our "How-To" DVDs.

Volume I on Fiberglass covers repairing stress cracks, spraying gelcoat and preparing new parts for paint. Volume II covers the repair of holes and fractures (including SMC panels) plus the demonstration of quarter panel replacement on a 1968-82 Corvette. Each DVD is approximately 60 minutes.

## Eckler's Fiberglass Repair Materials

Eckler's repair material will work on all fiberglass used on 1953-62 unless installing new press-molded aftermarket parts.

*These repair materials are not formulated to work on 1973 and later Corvettes with SMC panels.*

**Shelf Life Note:** Eckler's repair materials, except for spray gelcoat, have an approximately shelf life of six months, depending upon usage and storage conditions. Eckler's Spray Gelcoat should be used within 60 days for best results.

## Spray Gelcoat

The only product available that will permanently seal errant fiberglass strands. MEKP hardener included. Usage is approximately two gallons for an entire Corvette.

ALL Gallon .....**25-100208<sup>A</sup>** **103.99** ea.  
ALL Quart.....**25-100207<sup>A</sup>** **34.99** ea.

## Bonding Adhesive

Eckler's "original" bonding adhesive is specially formulated to provide unsurpassed adhesion when bonding or repairing fiberglass. Easy to mix cream hardener is included. Adhesive cannot be used as a surface filler.

## Tachometer Drive Distributor

- Tach drive
- Best quality reproduction
- ALL new parts

- No core required

1962 ..... **25-120619<sup>A</sup>** **496.99** ea.

## HEI Distributor Conversion

- Converts dated ignition systems to modern HEI technology
- 50,000 volts
- 4340 steel gear
- Improves engine performance
- Tach drive

With a simple distributor swap you can get all the benefits of HEI technology plus performance enhancements. The original HEI had a 38,000-volt module, pickup, and coil, this unit provides 50,000 power-packed volts! The original system had bushings in the housing, this model has needle bearings for smoother operation and longer life. This one-piece distributor has a 4340 hardened steel cam gear for use with all roller cams and brass terminals in the distributor for greater conductivity than the stock aluminum terminals. So when you compare this tach drive distributor to the one your car came with, you're getting a tremendous hi-performance distributor that eliminates the points and coil and gives you all the fire-power you need for your Corvette's ignition. This unit simply bolts into place, all you have to do is run a 12 volt power lead to the distributor and add upgrades.

1962 ..... **25-161505<sup>A</sup>** **157.99** ea.

## HEI Conversion for Tach Drive Distributors

- Converts 'Vettes to HEI ignition
- Includes 50,000 volt DUI coil and high output Dyna-Module
- Calibrated
- Limited lifetime warranty

Finally there's a High Energy Ignition distributor with manual tach drive for pre-1975 Corvettes! Performance Distributors' HEI coil distributor delivers a hotter spark than the original, producing more power, higher mileage, easier starts and improved reliability. This distributor features a hardened and ground main shaft and a tachometer cross gear with needle bearings and stainless steel coupling. This distributor installs quickly with standard tools.

## HEI Small Diameter Aluminum Body Distributor

- No tachometer
- Use with 1956-up small or big block V8 engines
- Includes external coil
- Provides hotter spark and quicker starts
- Includes plug wire retainer top
- Electronic advance with 260 total advance
- Billet aluminum body
- 50,000 volts circuit board design
- Requires 4mm allen wrench to remove cap and rotor
- Small diameter clears ALL firewalls
- Requires coil wire kit P/N 25-178550 and wire set P/N 25-122271 or 25-188970

## Breakerless Electronic Ignition Conversion Kit

- Eliminates points
- Single wire hook-up makes distributor look 100% stock

Convert any 1960 to 1962 GM V8 breaker point type distributor with a windowed type distributor cap to a reliable solid-state electronic ignition, utilizing a fully integrated trigger and power module that fits completely inside the distributor. Unlike competitive systems, no additional wires protrude from the distributor, only the original points wire. The result is a state-of-the-art ignition with an absolutely stock appearance. Emissions legal in all 50 states. No distributor modification, disassembly or removal is required for installation. 3-year warranty.

## 90° Tachometer or Speedometer Cable Adapter

- Insures smooth, accurate gauge readings
- Eliminates binding, increasing cable life

This adapter attaches to either the stock tach driver coupler on the distributor or the transmission and requires no modifications to install. A grease fitting is built into the adapter to lubricate the adapter and grease the tach drive gear.

## RAM Premium Clutch Kits

- Upgrade over original equipment
- Includes pressure plate, disc and throwout bearing

RAM clutch kits are matched pressure plate, clutch disc and throwout bearing sets that have been designed for engines that have been mechanically upgraded over stock. These sets are direct replacements for stock assemblies and require no additional effort in driving. The additional torque capacity of these clutches is the result of a much improved clutch disc friction material that can withstand the added power output and aggressive driving style of today's mildly modified street combinations. Each set includes a pilot tool to make alignment of the disc a snap.

## Steroids Rack and Pinion Conversion Kits

- Completely bolt-on
- Tighter, more responsive steering
- Adjustable tie rod ends to eliminate bump steer

Steroids' rack and pinion conversion kit is a true bolt-on upgrade for '53-'62 Corvettes that still have the original 1940's steering design. Steroids rack and pinion kits do not require any drilling, cutting or welding on the vehicle. Tighter, more responsive steering feel and lighter weight are all advantages to this system.

## Edelbrock 600 CFM Performance Carburetor

- Great combo with Edelbrock Performer intake

Edelbrock's 600 CFM carburetor outperforms the stock carburetor and provides better mileage. This carburetor works with Corvette stock throttle linkage and transmission kickdown mechanisms. In addition, it has a universal 12-volt electric choke, vacuum/ weight operated secondaries, vacuum advance connection, and PCV fitting. This carburetor has a single fuel inlet which requires a new fuel feed line, but the fuel filter and carburetor gasket are included. Use on a spread-bore intake manifold requires the purchase of the carburetor base plate listed below. Used for small block application only.

\* Will not fit a stock manifold

\*\* Required to clear some air cleaners

## Holley Performance Carburetor

- Will not work on factory cast iron intake manifold

The Holley 600 CFM performance carburetor is a universal fit carburetor for non-EGR equipped Corvettes. It features vacuum secondaries, single inlet fuel bowls with side-pivot floats, adjustable needle and seat, electric choke, and PCV and distributor vacuum connections. Not legal for sale or use on pollution controlled vehicles.

## Small Block Aluminum Radiator

- Engine runs 20-40 degrees cooler
- 40% lighter than stock
- Vacuum braze assembled (epoxy-free)

High horsepower engines generate a lot of heat and require extra cooling. Whether you performance drive your Corvette or cruise it, keep its coolant temp in check with this direct fit, high capacity aluminum radiator. It features a cast aluminum filler neck, extra strong tanks and advanced core technology, delivering lighter, more durable and cooler operations over brass and steel radiators.

## Color Laminated Wiring Diagram

- Full color, easy to read
- 11" x 17" laminated
- Covers complete car

Tired of those hard-to-read almost impossible to decipher black and white wiring diagrams copied out of 30 to 40 year old shop and repair manuals? We have the solution! All wire colors (including tracers) and component information is from the original factory service manuals. This means the wire colors on the diagram are the same as what is in your car. Diagram covers the complete basic car including: interior and exterior lights, engine & engine compartment, firewall, under dash, instrumentation, etc. All text is crystal clear and easy to read, and all colors are easy to distinguish. Diagrams are laminated in heavy plastic for durability and ease of use.

## Corvette Black Book

- The Corvette enthusiast's Bible
- Covers all 1953–2019 Corvette models
- 160 pages, softbound, 4.375" x 10"
- 67 black and white photos
- Written by Mike Antonick

The best all-around Corvette ever? That's what some, including the scribes of Car and Driver, think about the 2017's new Grand Sport model which combines Z06 and Z51 elements with Stingray's naturally aspirated LT1 engine. The 2017 Corvette Black Book summarizes what's new with the 2017s, and wraps up 2016 production with interim changes and production counts for models, options and colors. It has changes to 18 pages compared to the previous edition.

## Lowest Price Guarantee

Eckler's Guarantee is simple: You always get the best quality parts at the lowest price! Show us the identical item advertised in any current magazine, catalog, or website and we'll match our competitor's current price, guaranteed! This offer is available only at the time of purchase and applies to in-stock merchandise only. We can't combine this with any other offer. Tires, restoration services, kits, window glass, cores, reproduction batteries, certain engines, transmissions, used parts, special order parts, and shipping and handling charges are excluded.

## Find the Latest Prices on our Website

Prices in this catalog were correct at the time of printing but are subject to change. Visit Ecklers.com for the latest up-to-the-minute pricing as well as hundreds of items not appearing in this catalog. Eckler's is not responsible for pricing changes, errors, or omissions in this catalog or online. Prices are subject to change without notice.

## 100% Satisfaction Guaranteed

Our commitment to you: If for any reason you are not 100% satisfied with any of our products, return them for a full refund, credit or exchange—your choice.

## Best Parts, Best Price

This is not just a slogan! Eckler's is committed to providing the highest quality parts at the most competitive prices. We source and select all of our parts exclusively from the world's leading brand name manufacturers using our massive buying power. This means you get the best there is, at the best prices in the market today.

## Shipping and Handling

Check Ecklers.com for current shipping and handling estimates. In the catalog, denotes items that ship via truck, and denotes oversized dimensions or weight, which incur additional charges.

## Gift Certificates

Perfect for when you just can't decide. Available in many different amounts from \$25 right up through \$1,000. Redeemable for any items we sell.

## Need it Fast?

Have your order delivered within 1 or 2 business days by using Express Shipping! Express Shipping is limited to in-stock, non-oversized items weighing less than 20 pounds. Orders must be placed Monday–Friday before 1:00 p.m. EST. Please contact our sales team for rates.

## Same-Day Processing

Standard U.S. order processing time for in-stock items is 24 hours. If you need your order processed the same day, call us Monday–Friday before 1:00 p.m. EST and request same-day processing. For a small charge we'll provide special processing of all in-stock parts the same day.

## Limited Warranty

Eckler's will not be responsible for any damage or loss caused by delays, failures, consequential damage, labor, transportation, or any other charges incurred in the replacement or repair of a defective item. Eckler's is not responsible for any consequences resulting from the installation of any parts.
