1959-73 Loop Carpet Colors

These quality carpet kits are manufactured by Auto Custom Carpets. ACC is officially licensed by General Motors and produces the highest quality carpet on the market. The loop carpet kits are molded to the exact dimensions of the floor pan. Every 1959-73 carpet kit is made with the original-type loop carpet. Kits come complete with the original-style 36-ounce jute

padding attached to the underside of the carpet and a correct, color-keyed reproduction of the original heel pad, dielectrically heat sealed to the carpet. Please specify when ordering if your car is a four-speed manual or an automatic transmission.

*What is Mass Backing?

Mass backing is a special latex polymer thermo-bonded to the back of the carpet to substantially increase the insulating, anti-wear and sound deadening properties of the raw carpet set. This helps prevent the carpet from wearing out prematurely because automotive carpet wears over time just like the carpet in your home. The jute padding also helps prevent mildew which was more of a problem in older leaking cars.

The Touring II seat features the Procar[®] by Scat seat frame and foam. This high quality seat frame features a tig welded frame, 20 reclining and 18 sliding track positions, and is powder coated for long life and durability. The upholstery matches the original interior design. Did we mention that the Touring II seats recline? The Touring II Seat is a true drop-in option for restoration.

1978-87 Sunvisor and Headliner Kits (Foam Backed)

These foam backed headliners are excellent reproductions of the headliner material that came originally in your car. To save time and headaches, the headliners are available already installed on the backing board, or you can order the material by itself. See page 22 for year, model and color applications. See below for 1959-77 samples.

1959-77 Sunvisor and Headliner Kits

Our reproduction headliners and sunvisors are made to original factory specifications from matching duplicates of the original grain and colors used. The headliners are stitched with loop on the backside, just as the originals. The sunvisors have double fold binding and attachment pins. See 22 for year, model and color applications.

Sunvisor and Headliner Color Table

Use this chart in conjunction with the color samples on page 140 to determine which colors are available for your car.

YEAR	COLOR	STYLE	CODE

Interior Dyes

This proprietary formula penetrates the surface and molecularly bonds to permanently seal in color. Dries to the touch in 45 seconds. Forms a complete molecular bond in 10 minutes. UV stable and color fast, it will not crack, flake or peel. Other benefits include heat deflectors for dark colors. Works on vinyl, leather, ABS plastic, polycarbonate, polypropylene, polyurethane, acrylic, lexan, fiberglass and recycled plastics. All 1978-87 plastic interior moldings must use 55-198428 Adhesion Promoter. If you want your new 78-87 plastic interior piece to exactly match the original color of your interior, then you need to use this vinyl dye.

Dakota Digital HDX Gauge Kit

This Dakota Digital HDX Gauge kit is available with your choice of black or silver alloy gauge-face styling, each HDX system allows you to select independent illumination colors for the gauge readings and needles, as well as the message centers. Calibration and personal settings are manipulated with the built-in, capacitive-touch buttons, or the available Bluetooth app for Apple and android devices. Each needle hub is black nickel plated spun-aluminum to match the buttons.

Ididit Replacement Steering Columns

Ididit did not spend their time or money reinventing the wheel (or the column in this case), instead they expanded on a design that engineers at GM have been using for more than 35 years.

Floor Shift Column with Tilt, Specify:

55-202690

Paintable steel.....	359.95	ea.
Chrome	469.95	ea.
Brushed aluminum.....	689.95	ea.

Weatherstrip Lubricant

A budget alternative to Krytox, this product was designed for brake system use but also works well as a weatherstrip lubricant, extending its life and protecting against cracking and discoloration.

59-87 5.3 oz. tube.....**55-253652^Δ** **19.99** ea.

3M Weatherstrip Adhesive

- Attaches all types of rubber weatherstripping
- Also use to install trunk and body insulation
- Fast drying
- 5 oz. tube
- Cannot ship by air

59-87 Super black**55-253628^Δ** **9.99** ea.

3M General Purpose Adhesive Cleaner

The easy way to remove old or excess weatherstrip adhesive.

59-87 Cannot ship by air**55-253649^Δ** **39.99** ea.

Weatherstrip Removal and Installation Tools

- 4-piece kit

Tools assist in removal of clips, old glue and adhesive and installation of new weatherstrip.

Body to Bumper Seals

- Durable rubber, metal or flexible fiberglass composite
- Perfectly replaces original urethane filler

Original GM bumper filler panels were notorious for disintegrating. After a few years and a collision or two, your El Camino bumper fillers look like they've been through a war zone. Our reproduction bumper fillers will take the worry out of your next repair.

Stage II Front Spoiler with Air Deflector

- Great upgrade for any El Camino
- Same great looks as the Stage I except the Stage II has sleek side scoops molded in
- Made to match the Stage II body kit exactly
- Constructed from heavy duty fiberglass
- Fits All 1978-87 El Caminos with factory header assembly (Non Choo Choo)

This Stage II front spoiler with air deflector is the same as part 55-195446 except the Stage II side vents are built in to match our Stage II line. Constructed from heavy-duty fiberglass. Fits 1978-87.

78-87		55-195444^A	290.99 ea.

Custom Fiberglass Bed Lids

These bed lids are manufactured by Gaylord's Lids and we believe them to be the best on the market for the El Camino. We sell many of Gaylord's products so if you have another pickup bed that you need a lid for, please inquire with one of our sales reps for pricing.

CUSTOM FIBERGLASS BED LIDS

Available with a smooth finish (shown) or a textured finish. Primed, ready for paint.

FEATURES

Drainage Trough — Water that collects and is trapped behind the rear window is drained through the wheel wells via a special drainage trough.

Hinge System —

The unique hinge and gas shock system allows smooth, easy access to the bed.

Weather-Resistant Seal —

Lid shape and special weatherstripping keeps water out.

Secure Locking System —

Two "cylinder-type" locks are used to provide the security you want.

78-87 Black, white, primed  **55-199526^A** **1847.99** ea.

Bed Lid Replacement Parts

Select-A-Speed Windshield Wiper Motor Kits

These kits contain a low profile, seven speed wiper motor with five delays, low speed and high speed, a rotary switch with a billet knob to match your vehicle, adapter plate and wiring harness. The CNC hard-coated aluminum adapter plate mounts the wiper motor to the stock firewall bolt pattern. The low profile wiper motor mounts to the firewall and clears the valve cover and brake booster.

64-65	Originally equipped w/1-spd motor	55-197272 ^A	550.99 ea.
66-67	Originally equipped w/1-spd motor	55-197274 ^A	550.99 ea.
68-72	Without recessed park	55-197277 ^A	550.99 ea.

Small Body HEI Billet Distributor for Small Block or Big Block

- Use with 1957-up small or big block V8 engines (will not fit 348 or 409)
- Billet aluminum body
- 50,000 volts
- Small diameter clears all firewalls
- 2-wire hook up

64-83		55-288193 ^A	92.99 ea.
-------	-------	------------------------	-----------

Flame-Thrower 7-Pin HEI Ignition Module

- 67 percent more energy than OE modules
- Module operates misfire-free up to 7500 RPM
- Thick film on alumina ceramic substrate removes heat for better accuracy and reliability
- Laser trimming provides precise peak current control for increased energy output

82-92		55-279446 ^A	69.99 ea.
-------	-------	------------------------	-----------

Pertronix Flame-Thrower Ignition Coil

- 25% Additional voltage output
- 40,000 Volts, 1.5 Ohm
- For use with factory distributor or Flame Thrower III upgrade P/N: 55-246206
- Chrome body for that show shine

59-74		55-246201 ^A	49.99 ea.
-------	-------	------------------------	-----------

Pertronix Ignitor III Electronic Ignitor for V8

- Replaces points and condenser with modern electronic ignition
- Completely hidden inside your stock distributor
- Fits 1957-74 GM V8 distributors small block and big block
- Works on 348 and 409 motors
- Must use Flame-Thrower coil

59-74		55-246206 ^A	153.99 ea.
-------	-------	------------------------	------------

Distributor Vacuum Advance

59-60	6 cyl.	55-197460 ^A	48.99 ea.
59-74	283 and 348 except fuel injection.....	55-196104 ^A	32.99 ea.

Distributor Wire Grommet

- Black rubber reproduction

59-74		55-192913 ^A	1.99 ea.

AC Delco Small Block Engine Starter

- Remanufactured by AC Delco to factory specs
- For cars with 14" flywheel
- Includes new starter solenoid
- Correct show appearance
- Starter has straight bolt hole pattern
- Uses equal length bolts

64-69 **55-182883^A** **49.99** ea.

AC Delco V8 Engine Starter

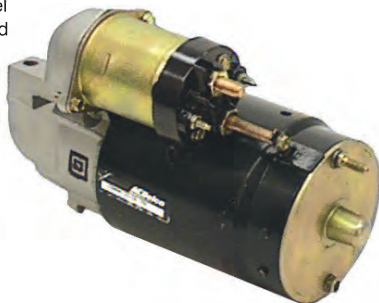

- Rebuilt with all new parts to factory specs

70-81 **55-146092^A** **89.99** ea.

AC Delco High Torque Engine Starter

- Remanufactured by AC Delco to factory specs
- For cars with 12-3/4" flywheel
- Includes new starter solenoid
- Correct show appearance
- Starter has straight bolt hole pattern
- Uses short and long-length bolts

64-69 Small block **55-182884^A** **108.99** ea.

AC Delco 5.0 Liter (305ci) Engine Starter

- For cars with automatic transmission
- Rebuilt with all new parts to factory specs

77-80 **55-146110^A** **101.99** ea.

Chrome Gear Reduction Starter

- Automatic or manual transmission
- Fits 153- or 168-tooth flywheel

For the chrome that gets you home, this Tuff Stuff 1.9 Hp gear reduction starter has twice the torque of the original starter making hot start problems a thing of the past. Manufactured with all new parts, it accepts 153 or 168-tooth flywheels and features an adjustable drive-end frame for added oil pan and header clearance. The triple chrome plated body adds a sharp dress-up touch to the engine compartment. New mounting bolts and necessary shims are included.

59-87 **55-286896^A** **242.99** ea.

Chrome Alternators

- Built from all new parts; show quality chrome

64-72	140 amp.....	55-305587^A	214.99 ea.
64-72	100 amp.....	55-305585^A	145.99 ea.

Double Hump Crossmembers

- A must for any engine and transmission swap
- Heavy duty construction unlike flimsy tube-bent originals

The 200R4 transmission was factory installed by GM, beginning with the 1984 model of the El Camino. GM altered the common frame configuration to accommodate the longer 200R4. Because the 200R4 crossmember mounting pad is further back than the TH350, a newly designed stock crossmember was installed also. This stock crossmember mounts in a new set of holes in the frame on the driver side. The new holes in the frame can be identified as 14 inches rearward of the first set on the driver side frame rail. Therefore, pre-1984 vehicles will require the frame extension kit to install a 200R4 or a TH400 transmission. (The TH400 has the same mounting distance as the 200R4).

Part #55-196177 — Kit includes crossmember, frame extension, and the installation kit for 1978 through '83 G-Body cars using a 200R4 or TH400 transmissions. The kit requires the installer to drill two holes with the provided template.

Part #55-196176 — Crossmember is designed for short tail TH400 transmissions only. Long tail TH400 crossmembers are available as custom orders and require additional time for delivery.

Clutch Linkage Conversion Kit

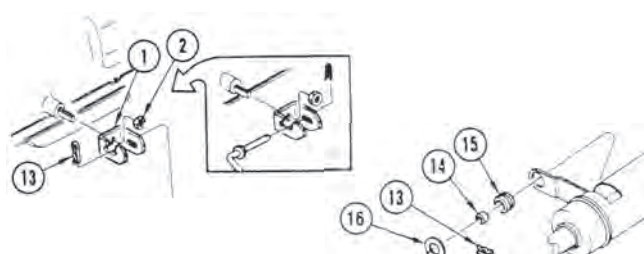

- Used to convert automatic El Caminos to manual use
- Laser cut and stamped pieces
- Higher quality than GM originals
- Dipped in correct GM frame black like the factory units
- Clutch fork P/N 55-251517 sold separately

This is the most complete four-speed transmission conversion kit on the market. Everything needed to change an automatic 1978-'87 G-body vehicle to a manual transmission is included. This is a high quality kit made right here in the good old USA. Easy to install and comes with diagram.

78-87	Complete kit	55-196617 ^A	623.99 ea.

Rear Upper Torque Arm

- Replaces commonly bent damaged or crushed upper control arm
- Can be used for adding a "Dual" upper control arm set-up *
- Includes installed bushings

The El Camino Store is proud to offer this new control arm with the bushing properly pre-installed. A new stamped steel unit ensures that the geometry will be correct and you'll go down the road straight.

59-60 **55-283303^A** **116.99** ea.

* NOTE: for those project adding a second rear control arm, please remember that some fabrication and welding of the upper control arm mount on the frame and rear end is necessary.

Rear Control Arm Boxed Inserts

- Must be welded in

64-72 **55-194344^A** **23.99** pr.

Rear Panhard Bars

- Quality reproductions
- Bushings pre-installed
- Correct cast iron bar
- Perfect replacement for commonly warped or stressed originals

59-60 Rear Trac-Bar, original style, black..... **55-194755^A** **64.99** ea.

59-60 Rear adjustable trac-bar..... **55-194757^A** **92.99** ea.

When altering your car's ride height, it is recommended that our adjustable trac-bar be used to keep the rear end in the correct position. All bars come gold zinc plated and have polyurethane bushings.

Rear Panhard Bar Bushings

59-60 Panhard rod bushing **55-194376^A** **16.99** ea.
59-60 Panhard rod bushing **55-194435^A** **13.99** ea.

HORSEPOWER FOR YOUR SUSPENSION HOTCHKIS TOTAL VEHICLE SYSTEM (TVS)

The Hotchkis TVS (Total Vehicle System) concept was designed for the driving enthusiast who demands the ultimate in vehicle handling and performance without sacrificing a comfortable ride. Using our TVS system guarantees that all the suspension components for your vehicle have been thoroughly engineered and designed to work together as a complete suspension system. This completely tuned suspension package eliminates the poor ride quality that often results from the use of components produced by different manufacturers.

THE HOTCHKIS PERFORMANCE ADVANTAGE

The obvious Hotchkis Performance advantage is improved traction and handling for your performance vehicle. We go a step further giving you the additional advantage of convenience and product longevity with the inclusion of all necessary heavy duty hardware. This ensures our products live up to what performance magazine articles have described about Hotchkis Performance suspension: "Install on Saturday, drive on Saturday!"

TVS Suspension Systems

The Hotchkis TVS is an all inclusive kit that has been designed and tested as a system. No need to mix and match components. The TVS system includes sport coils, sport sway bars, heavy duty tie rod sleeves, and a adjustable rear suspension package.

78-82	Small block US	55-197185^A	1653.99 kit

Tubular Upper A-Arms

Upgrade your El Camino's front suspension with the use of our tubular A-arms. Our tubular A-arms are designed to adapt the use of taller GM F or B-Body spindles allowing for improved suspension geometry by creating a negative camber curve and increased caster. Disc brakes are easily upgraded with factory 11" or 12" rotors available from F or B Body vehicles. Note: Arms do not work with factory spindles! Spindles required are 1970-'76 GM F-Body, or 1978+ GM B-Body. Spindles will lower vehicle 3/4" and widen track width 3/8" per side.

64-72	Tubular upper A-arms	55-197159^A	762.99 set
78-87	Tubular upper A-arms	55-197188^A	721.99 set

HPS 1000 Shocks

Tuned in house and manufactured by Bilstein™, this shock offers a seamless transition between comfort and control. Each shock is specifically engineered and tuned to offer the ultimate performance and ride. HPS 1000 shocks make a great addition to the Hotchkis TVS packages. Shocks are sold each.

64-72	HPS 1000 rear shock	55-197157 ^A	126.99 ea.
78-87	HPS 1000 front shock	55-197192 ^A	157.99 ea.

1" Lowering Springs

Lower your El Camino 1" below stock ride height to give it the right look, with an aggressive stance and a lower center of gravity. Our springs provide a firm, but not harsh ride. Specs: 1" lowered front 500 lb/in, Rear 135 lb/in.

64-66	Front and rear, small or big block w/aluminum heads	55-197167 ^A	429.99 set
64-66	Rear springs	55-197168 ^A	189.99 pr.
64-66	Front and rear, big block	55-197169 ^A	402.99 set
64-72	Front, small or big block w/aluminum heads	55-197170 ^A	189.99 pr.
64-72	Front, big block	55-197171 ^A	189.99 pr.
67-72	Front and rear, small/big block w/aluminum heads	55-197172 ^A	371.99 set
67-72	Front and rear, big block	55-197173 ^A	383.99 set
67-72	Rear springs	55-197174 ^A	213.99 pr.
78-87	Small or big block w/aluminum heads	55-197194 ^A	409.99 set
78-87	Rear springs	55-197195 ^A	217.99 pr.
78-87	Front, small or big block w/aluminum heads	55-197196 ^A	207.99 pr.

NOTE: Rear springs must be used with air bag kits.

Airbag Kits

Improve launches and weight capacity by inserting these air bags inside your rear springs. Air bags work much better than air shocks offering a better ride by still allowing a performance shock to be used. A must for wagons or El Caminos. Sold as a pair with air lines.

64-77		55-197155 ^A	128.99 kit
78-87		55-197191 ^A	124.99 kit

Performance Sway Bars

Improve cornering by reducing body roll with a set of Hotchkis Performance Sway Bars. Hotchkis bars are CNC bent for a precise fit and feature lightweight hollow construction and include greasable polyurethane bushings, end links, brackets, and all necessary hardware. Hotchkis bars are powder coated for durability, and tested and tuned to ensure the best performance possible. 1-3/8" hollow front, 1" solid rear.

64-72	Performance front sway bar	55-197176 ^A	268.99 ea.
78-87	Performance front sway bar	55-197198 ^A	252.99 ea.

Tie Rod Sleeves

Enhance steering precision with our machined tie rod adjusting sleeves. They feature machined hex bodies, jam nuts and are finished in durable gloss black powder coat. 5/8" thread.

64-70		55-197154 ^A	73.99 ea.
71-72		55-197166 ^A	82.99 ea.

Rear Suspension Packages

Improve handling and traction on your El Camino by upgrading your flimsy stock suspension.

59-60	Rear control arm package w/double upper arms	55-197134 ^A	1019.99 ea.
59-60	Rear control arm package w/single upper arms	55-197135 ^A	843.99 ea.

Rear Suspension Package

Our upper and lower trailing arms work together to positively locate and control the rear axle. Cornering and overall stability are dramatically improved through increased roll stiffness and sway bar effectiveness.

64-67		55-197152 ^A	868.99 pkg.

Disc Brake Kits

- Cross drilled and slotted rotors available at extra cost
- For drilled and slotted rotors see P/N 55-261004

Convert your El Camino to front disc brakes without having to change your spindles or lower your vehicle. This stock spindle kit bolts right onto your existing spindles for a quick and hassle-free installation. It moves the wheels out 3/8" and works with most 14" and 15" wheels. Kit includes: disc brake bracket kit, rotors, loaded calipers, bearings, seals, dust caps, spindle nuts and hoses. Power brake booster not included.

Big Brake Kits

The front system uses a 13 inch cross-drilled, gas slotted and zinc washed rotor mounted to a 2024 T6 billet aluminum CNC machined anodized hub and a PBR C15 caliper that attaches to the spindle with a custom caliper mounting brackets. The rear system uses a 12 inch cross-drilled, gas slotted and zinc washed rotor that mounts to the factory axle with the longer studs supplied and mates up to a Lincoln Continental emergency brake style caliper mounted to the rear axle housing with a custom caliper mounting bracket.

Wilwood Front Disc Brake Kits

- Loaded red DP6 six piston calipers
- 12.19" drilled and slotted vented rotor
- Wheel bearings, studs and hardware included
- 14.14" of inside wheel clearance diameter

DynaPro 6 forged billet calipers are combined with 12.19" diameter rotors for the traditional, non-ABS spindles on Chevilles and El Caminos. The enhanced brake capacity and pad performance of the six piston calipers provide an intermediate level alternative to the bigger six piston kits.

73-77	12.19" plain vented rotor, black	55-278466 ^A	974.99	kit
73-77	12.19" drilled and slotted vented rotor, black	55-278482 ^A	1074.99	kit
73-77	12.19" plain vented rotor, red	55-278467 ^A	974.99	kit
73-77	12.19" drilled and slotted vented rotor..	55-278462 ^A	1074.99	kit

Rear Disc Brake Kits

67-68	Front, show quality	55-194103 ^A	79.99	pr.

Big Bore Front Caliper

- Direct replacement for small-piston GM metric caliper
- Bore size increase for 20% improvement in stopping power
- Standard D154 brake pads and installation hardware included
- 10mm-1.50 Banjo and bleeder
- Fits left and right side, sold each

78-87		55-284034 ^A	123.99	ea.
-------	-------	------------------------	--------	-----

Rebuilt 4-Piston Brake Calipers

- Rebuilt original 4-piston caliper ready to be installed
- Correct 2-1/16" bores
- High quality 304 stainless steel inserts
- Original cores completely assembled with new parts
- High quality, comes with a limited manufacturer's warranty

67-68	Left 1/2" line	55-257704 ^A	408.99	ea.

Prop 65 warning for California residents, see inside front cover for details

Adjustable Proportioning Valve with Brake Light Switch

- Includes brake light switch and wiring harness
- Includes 5-3/16" stainless steel fittings
- Used with dual bowl master cylinders only
- This is NOT a direct replacement for original blocks
- Some modifications to the brake lines is required

59-87	Black anodized finish	55-288430^Δ	105.99 ea.
59-87	Polished finish	55-288472^Δ	116.99 ea.

Brake Proportioning Valves and Brackets

- Correct replacements
- Beautifully machined out of billet aluminum
- Standard thread block, can replace 1982-87 metric thread 1.25 Block with modifications
- Required on all dual master cylinder installations

59-87		55-256165^Δ	64.99 ea.
-------	-------	------------------------------	------------------

59-87	Chrome plated.....	55-256179^Δ	84.99 ea.

Emergency Parking Brake Pads

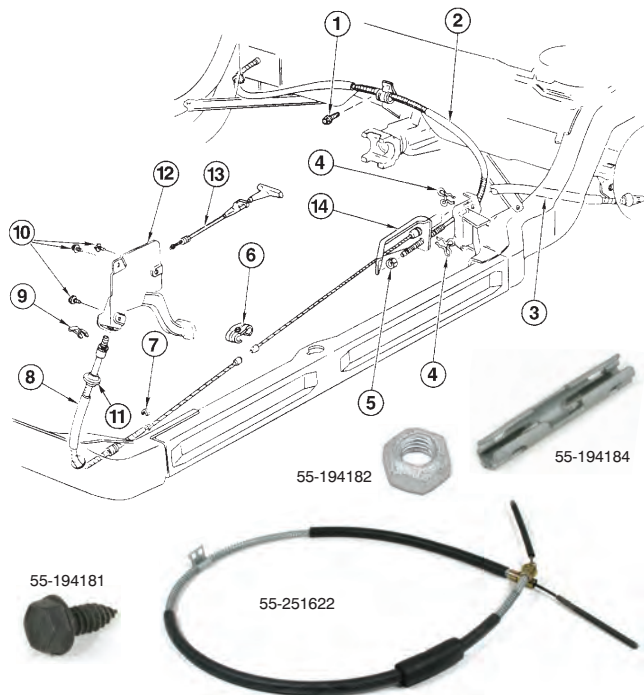

This little pad is made to original GM specifications using modern manufacturing techniques with the highest quality materials which make such a difference you can feel it. Replacing a worn or missing pad with this new unit is not only a good cosmetic choice, but a critical safety item for a proper shoe to pad contact point. The El Camino Store knows there is no substitution for quality when it comes to safety.

 64-66 6 cylinder, without air injection reactor (AIR) pump **55-355586^A** **59.99** ea.

Fuel Line Clip Set

59-60 For use with 3/8" fuel line **55-196258^A** **8.99** ea.
 64-65 For cars with no return line **55-196259^A** **33.99** ea.
 64-65 For cars with return line **55-196260^A** **14.99** ea.
 68-72 For cars with no return line **55-196261^A** **11.99** ea.
 68-72 For cars with return line **55-196262^A** **11.99** ea.

Carburetor Linkage Parts

59-60 Linkage rod kit - 348 Tri-Power **55-196322^A** **34.99** kit
 59-60 Accelerator linkage rod bushing kit **55-196324^A** **0.99** kit

Accelerator Return Spring Bracket

- Correct reproduction
- Connects return spring from coil bracket to carburetor

68-70 **55-194388^A** **9.99** ea.

Holley 600CFM Street Warrior Universal Carburetor

- Performance upgrade for stock to mildly modified V8 engines
- Factory preset electric choke for easy startups
- Integrated 700R4/200R4 transmission kick down cable mounting

Includes new rear bowl fuel inlet to allow for dual feed or custom.

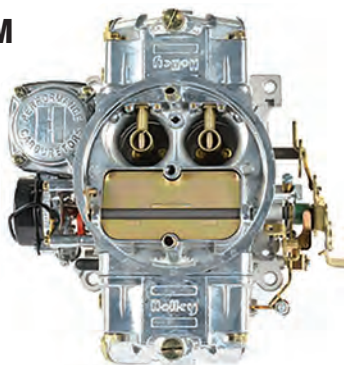

64-8355-122277^A **359.99** kit

NOTE: Not legal for sale or use on pollution controlled vehicles

Classic Holley 750 CFM Carburetor

- Factory preset electric choke for easy startups
- Performance upgrade for stock to mildly modified vehicles
- Universal calibration for easy bolt-on performance
- Dual feed fuel inlets for constant high volume fuel delivery
- Ford A/T kickdown
- Power valve blow-out protection

64-8355-392878^A **376.99** ea.

Holley Carburetor Rebuild Kit

- Genuine holley parts
- Step-by-step instructions
- Detailed tuning guide

64-8355-146307^A **132.99** kit

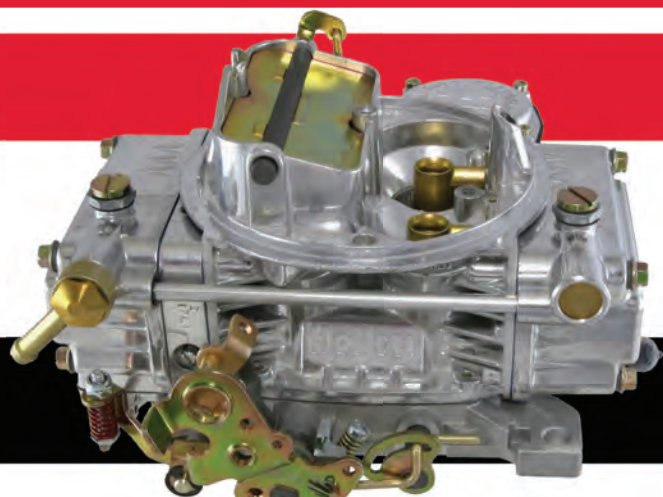

Holley Major Carburetor Rebuild Kit

- Fits 650 CFM and 750 CFM carburetors

64-7255-392834^A **40.99** kit

COOLING SYSTEM

visit ClassicChevy.com/shop-ElCamino for our entire selection of El Camino Cooling parts and accessories

Replacement Radiators

These El Camino copper core radiators are a very close replacement of the stock original radiators. The brass top and bottom tanks are correctly ribbed with the inlet and outlet in the stock location. They are designed for use on cars without air conditioning.

Big 2-Row Performance Aluminum Radiators

- All aluminum; 100% TIG welded; 16 fins per inch; OE style fittings
- Corrugated fins that give more surface area and more thermal transfer
- Pressure tested and limited lifetime warranty

COLD-CASE aluminum radiators are 50-75% lighter than your factory copper and brass radiator unit and cools up to 40% better.

OS

3-Row Performance Aluminum Radiator

OS

- All aluminum construction provides greater heat and pressure tolerance, better heat dissipation, increased durability, improved cooling efficiency, and improved structural rigidity
- 3-Row brazed aluminum core
- Includes an internal transmission cooler to provide optimal fluid temperatures for automatic transmissions
- Billet aluminum fill neck including magnetic drain plug
- Mishimoto lifetime warranty

Air Conditioning Throttle Stops

- Mounts on fast idle cable

59-60 **55-194054^A** **2.99** pr.

A6 Air Conditioning Compressor

- Retains original A6 brackets and hoses
- Less engine drag, creating more horsepower and better fuel economy
- Fits all with A6 compressor

77-84 Black **55-299304^A** **494.99** ea.

PRO6TEN Upgraded Air Conditioning Compressor

- Fits all with A6 compressor
- Requires less horsepower
- Improves gas mileage

77-84 **55-299270^A** **400.99** ea.

508/134A Air Conditioning Compressors

- Quality replacements; for use with R134

For Use with V-Belt Systems

59-87 Chrome Sanden **55-288615^A** **294.99** ea.

For Use with Serpentine Systems

59-87	Polished Sanden.....	55-288583^A	292.99 ea.

Air Conditioning Outlet Seals

- Quality replacement
- Used to create a tight seal between air conditioning ball vent and housings

64-69 Vent ball felt.....**55-194078^A** **3.99** pr.

Heater and Air Conditioning Panels

- Complete assembly
- Correct heater only control panel
- Blower switch included

Rebuilding your Chevy El Camino heater control panel used to be the only solution. Now you can own a brand new A-Body El Camino heater control panel ready to be installed with simple hand tools. Die casted like the original, this El Camino heater control panel features update lever design, correct control lens and a brand new blower switch already pre-installed.

Printed Circuits

- Reproduction printed circuit located behind dash carrier
- Correct plastic unit with flat copper photo etched wiring
- Replaces commonly burned or broken originals
- Essential for proper gauge and dash light operation

After 1969, all El Caminos were equipped from the factory with printed circuits behind the instrument cluster instead of a harness to operate the gauges and lights. Not only was it more cost effective for the factory to use a printed circuit, but it saves space, weight and reduces the "rats nest" of wires typically found behind your cluster.

Neutral and Backup Safety Switches

The neutral safety switch is a critical safety device that disables the starter operation when the vehicle's transmission is not in neutral or park. It also serves a reverse light switch and has this function integrated in the circuit. The location of the switch can vary from selector shaft to steering column to center console shifter.

Windshield Wiper Switches

We usually don't pay as much attention to the health of our wipers until they struggle or outright fail. Often, outright failure will be caused by faulty, worn or broken wiper switch. Usually replacement can be done with simple hand tools in an afternoon. Remember to always reference your El Camino's service shop manual before starting any electrical project.

Power Window Switches

If your El Camino's power window switch starts to smoke, button develops excessive play or button breaks off of the switch completely, you will need to replace the switch. If both windows stop working at the same time, the problem almost always lies with the driver's side switch.

Brake Light Switches

Malfunctioning brake lights are down right dangerous to you and other drivers on the road. Everyone need their brake lights to perform perfectly each and every time. As you depress the brake pedal on your classic El Camino, the spring-loaded switch closes the contacts allowing current to flow through the circuit and illuminating the brake light bulbs at the rear. Typically mounted under the dash, replacement of this switch can be done in an afternoon with basic hand tools and a little mechanical know-how.

59-60	All	55-193632 ^Δ	3.99 ea.

78-87	55-193668 ^A	11.99 ea.

Blower Motor Resistor

- Show quality reproduction
- Original GM style resistor
- For El Caminos without air conditioning

This little fiberglass board uses a series of progressive resistors to regulate the motors speed throughout the switch range. The highest speed of the heater blower motor is not controlled by the resistor; so when the resistor fails, the fan will often work on the highest speed setting and not the lower speeds.

64-72	55-193672 ^A	13.99 ea.
-------	------------------------	-----------

Blower Switches

This little electro-mechanical device allows current to flow to the blower motor to warm or cool your interior or defrost your windows. Over time, the contacts wear and switch begins to fail. Replacement can be done with a little mechanical know-how, some simple and tools and a few hours. Remember to check your El Camino's service shop manual before attempting to replace any electrical device.

LED Angel Eye Headlights

- Ultra white halogen headlights
- Parabolic headlamp provides 50% more light than original equipment
- Simple Plug 'N' Play harness for headlight bulb
- LED halo may be spliced in as a daytime running lamp, parking light or turn signal
- Angel eyes LED SMD halo ring provides 100,000+ hours
- Halo rings draw very low voltage so they can be left on at car shows
- Glass lens with thermoformed plastic parabolic reflector for long service life

ABOUT OUR ATO-TYPE HARNESSES FOR 1968-72 EL CAMINOS

Our new Classic Auto Fuse Series Dash Harnesses allow the professional restorer to maintain the easy plug and play function of original factory type harnesses, while converting the entire fuse block to an Auto Fuse Series (ATO Type) fuse block. The Classic Auto Fuse Series Dash Harnesses give restorers the flexibility to add additional power circuits, without the installation headaches normally associated with this type of fuse box conversion.

- Upgraded main power circuits
- Three constant battery power accessory ports
- One instrument cluster lamps accessory port

The main power circuits have been upgraded to ensure the extra capacity of the new Classic Auto Fuse Series fuse block. No need to worry about splicing onto existing fuses and circuits for aftermarket type accessories and overloading the fuse. Original Glass Series fuse boxes have only one port. These three ports supply constant battery power regardless of the ignition switch position. Each of these ports has a maximum fuse capacity of 10 amps. Original Glass Series fuse boxes have only one port. This port is used to access the rheostat circuit on the headlamp switch, so the optional lamps connected to this port will dim and brighten with the dash lamps. This port has a maximum fuse capacity of 1 amp which is perfect for night lights in tachs and gauges etc.

- Two accessory power accessory ports
- Three spare fuse ports

Original Glass Series fuse boxes have only one port. These two ports supply switched battery power when the ignition switch is in the run position only. Each of these ports has a maximum fuse capacity of 5 amps. Original Glass Series fuse boxes have only one port. These two ports supply switched battery power when the ignition switch is in the run or accessory position only. Each of these ports has a maximum fuse capacity of 5 amps. These three Spare Fuse Ports have an undefined fuse rating that can be designed by the customer based on the individual need and each port can handle up to 20 amps per cavity. If all three are not used, restorers may increase the remaining individual fuse ratings up to 30 amps for the remaining one to two cavities. In order to use these spare fuses, the optional kit part number 55-198396 "Spare Fuse Power Wiring Extension Harness" will be required. Instructions are included with this kit.

Headlight Bucket Harnesses

- Critical extension from front light harness to headlights

59		55-193855^Δ	51.99 pr.
----	-------	------------------------------	------------------

Dome Light Harnesses

This reproduction harness starts with the correct gauge wire, color-coded to match the factory wiring diagram. Each wire is cut to the exact length required and wiring terminals are crimped-on just like the originals. If specifications call for it, the terminals are also dip soldered to limit resistance voltage loss.

Hand-assembly of the harness is completed by wrapping the wires with factory-correct, non-adhesive or cloth woven tapes, where applicable, providing a 100% original appearance.

Vintage Car Audio Wireless Bluetooth Audio Compact Amplifier

- 180 watt amplifier (4 channels x 45)
- Wireless bluetooth streams music from any capable device
- Mute activates for incoming calls
- Connects to any radio though an amplifier interface
- Super compact size 5" x 5" x 2" mounts virtually anywhere

This small Bluetooth capable amplifier has the capability to stream music from any wireless Bluetooth enabled device from up to thirty feet away. It can be used with or without a radio in any vehicle. You can simply connect 2 or 4 speakers to the amplifier and work everything directly from a bluetooth enabled device, or it also can be connected to any radio through an amp interface.

Lowest Price Guarantee

Eckler's Guarantee is simple: You always get the best quality parts at the lowest price! Show us the identical item advertised in any current magazine, catalog, or website and we'll match our competitor's current price, guaranteed! This offer is available only at the time of purchase and applies to in-stock merchandise only. We can't combine this with any other offer. Tires, restoration services, kits, window glass, cores, reproduction batteries, certain engines, transmissions, used parts, special order parts, and shipping and handling charges are excluded.

Find the Latest Prices on our Website

Prices in this catalog were correct at the time of printing but are subject to change. Visit ClassicChevy.com for the latest up-to-the-minute pricing as well as hundreds of items not appearing in this catalog. Eckler's is not responsible for pricing changes, errors, or omissions in this catalog or online. Prices are subject to change without notice.

100% Satisfaction Guaranteed

Our commitment to you: If for any reason you are not 100% satisfied with any of our products, return them for a full refund, credit or exchange—your choice.

Best Parts, Best Price

This is not just a slogan! Eckler's is committed to providing the highest quality parts at the most competitive prices. We source and select all of our parts exclusively from the world's leading brand name manufacturers using our massive buying power. This means you get the best there is, at the best prices in the market today.

Shipping and Handling

Check ClassicChevy.com for current shipping and handling estimates. In the catalog, denotes items that ship via truck, and **US** denotes oversized dimensions or weight, which incur additional charges.

Gift Certificates

Perfect for when you just can't decide. Available in many different amounts from \$25 right up through \$1,000. Redeemable for any items we sell.

Need it Fast?

Have your order delivered within 1 or 2 business days by using Express Shipping! Express Shipping is limited to in-stock, non-oversized items weighing less than 20 pounds. Orders must be placed Monday–Friday before 1:00 p.m. EST. Please contact our sales team at (877) 815-5799 for rates.

Same-Day Processing

Standard U.S. order processing time for in-stock items is 24 hours. If you need your order processed the same day, call us Monday–Friday before 1:00 p.m. EST and request same-day processing. For a small charge we'll provide special processing of all in-stock parts the same day.

Limited Warranty

Eckler's will not be responsible for any damage or loss caused by delays, failures, consequential damage, labor, transportation, or any other charges incurred in the replacement or repair of a defective item. Eckler's is not responsible for any consequences resulting from the installation of any parts.
