Precision Quality Upholstery for Your V8 Ford.

Ford enthusiasts and restorers worldwide have always sought quick delivery and precision quality in their interior products.

Unfortunately, most enthusiasts think their only option in receiving a high quality American made kit is to wait an excessive delivery time.

MAC's is proud to produce and distribute the **CARTOUCHE™** brand of precision American made, hand-crafted, vintage automobile interior products for 1932–50s Early V8 Fords and Mercurys as well as 1909–27 Model T Fords and 1928–31 Model A Fords.

The name **CARTOUCHE™** refers to the proof-stamp used in days gone by to denote an inspector's acceptance of a quality product. Many military items such as precision rifle stocks and officers' leather saddle bags were stamped by inspectors to certify that

the item had passed rigorous quality tests. Because our own inspectors put all of our premium quality interior products through an intensive quality control inspection, we found the name appropriate.

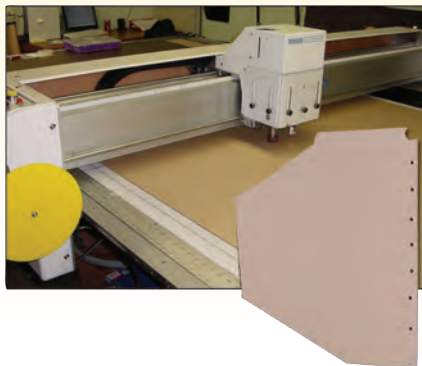

Upholstery Kits

MAC's produces hundreds of **CARTOUCHE™** brand Upholstery Kits every year. All are available in the proper, authentic fabrics. We also offer a wide choice of non-authentic fabrics for the budget-minded hobbyist. All of our complete upholstery kits are produced right here in our modern facility, so you can be sure that all of your items are American made, featuring top-quality materials and workmanship. Remember, complete Ford upholstery kits are our specialty. We have been developing and producing these award-winning kits for decades!

Top Kits

MAC's **CARTOUCHE™** brand Top Kits are manufactured to original factory specs, using the most authentic materials available. This includes top material, padding, muslin lining, tacks and trim. Instructions are included with every kit. With thousands of our premium quality tops already installed on cars all across the world, you can be assured of the fit, appearance and durability you want for your restoration.

Side Curtains, Top Boots, Top Pads, Panel Sets, Carpets and Miscellaneous

If you're looking for top-quality Side Curtains, purchase **CARTOUCHE™** premium quality units. We make them right here from authentic materials, with long-lasting crystal-clear plastic windows and rust-proof fasteners. We also offer top boots, top pads, rumble panel sets, trunk panel sets, carpets and a full line of fasteners. We utilize computer-operated cutting machines to ensure precise cuts. We also use highly skilled sewers to bring you the superior quality, fit and finish you deserve.

Our Customers and Distributors Say...

Just received my kit from you, thank you. The upholstery is BEAUTIFUL—the seams are straight, there was plenty of selvage and the materials are very high quality. The fit is superb and the finished installation looks as good as any "professional" job. Once again, thank you for selling a truly quality product. —**J. S. from Atlanta, GA**

I bought the kit and had it professionally installed locally. Saved me lots of money and looks top notch. —**J. V. from Canyon Lake, CA**

I'm very impressed by your selection of fabric material. Also, it is great that you offer technical advice. Obviously, this is more than just a business, it is a passion. —**T. G. from Houston, TX**

They arrived last night. We are thrilled with the quality and appearance of the work you do! —**D.H. from Horsham, PA**

Your Search for Quality, Fit, and Authenticity Ends Here!

**Just Say
"KAR-TOOSH"**

We know that you demand the exact pattern, material choices and features of the original upholstery and we've helped thousands of our customers achieve just that. Replace your old, weathered seats, top or interior to give your car a new appearance! Select from our large selection of materials to match your taste and budget. Each piece is made to order by our experienced sewers, so you can always expect quality. See the **CARTOUCHE™** difference in superior materials, construction and fit.

CARTOUCHE™ Has You Covered From Start to Finish

We offer **CARTOUCHE™** brand products for:

- Interior Upholstery Kits
- Top Kits and Top Boots
- Rumble Upholstery Kits
- Carpets
- Side Curtains
- Yard Goods
- Rumble Panel Sets
- Seat Springs
- Supplies, Fasteners and Tools

Satisfaction is the goal with every **CARTOUCHE™** product we produce.

MAC's Offers the Exact Features You Want for Your Ford

V8 Ford Upholstery (1932–48) Features...

- We are a major producer of all V8 Ford upholstery products from 1932 to 1948.
- We offer a huge selection of patterns and product lines, with many rare patterns and new patterns are always being added.
- An incredible variety of original fabrics and materials to choose from, many that are exclusive to **CARTOUCHE™**.
- Top kits are made to the original specifications, using the most authentic materials available.
- Seat springs are superior quality and exact copies of the originals.

**Ordering
Is Always
Easy!**

Let's take a look at one of our interior replacements. We had the privilege of actually doing it right here at MAC's, so we took the opportunity to show you what a difference a new interior makes. This car is a 1946 Ford Fordor owned by Harold Stolzenberg.

BEFORE

Many years of use have left this interior in bad shape. It had to be stripped right down to the metal. Notice the water damage that was caused by leaky seals, which is why we recommend that you replace your seals prior to installing new upholstery.

AFTER

With its new seats, headliner, arm rests, door panels and carpets, this '46 looks like new again! Installing our upholstery kits increased the value of the car and made it more enjoyable to drive. Bring your car's interior back to its original glory.

WHAT A DIFFERENCE!

Remember, complete Ford upholstery kits are our specialty. We have been developing and producing these award-winning kits for decades!

1933-34 Roadster and 1940-48 Convertible Club Open Car Top Boots

The open car top boot slips over your top irons and top. It is a snug fitting, dressy cover for the top, when it is folded down. Each boot contains the complete bound and stitched boot and most fasteners that attach to the boot are installed. Fasteners which affix to the body are also included. Top boots will help in keeping dirt and dust from collecting in your top while driving with the roof down.

1932-48 Closed Car Carpets

CARTOUCHE™ is proud to offer carpets for V8 Ford closed cars from 1932-48. These are a top-quality nylon carpet that we are sure you will be pleased with.

All floor carpets are bound and stitched and ready to install. On front carpets, the pedal, transmission and emergency brake positions are cut out as required for each year and body-style. 1935-48 Fords only had carpet in the rear of the car. Authentic front floor rubber mats are listed in the Floor and Trunk Mats section. Fastening hardware is not included but is listed later in this section.

Items Not Included: Front carpets and rear carpets for 1935 and 1936 had fasteners that attach to the carpet and the body. They are not included but are available individually and are listed later in this section.

Ordering and Sample Card Information

SAMPLE CARD
SEE ABOVE**

It is not practical or wise to order upholstery for your classic without examining a sample card that displays the material, pattern, and color choices for your vehicle's particular body-style and year. Sample cards are free and are identified by number. When requesting a sample card by phone, always include the year and body-style of your vehicle. To request a sample card through our website, simply select the option that suits the year and body-style of your classic.

Once you have received your sample card and decided on a material choice for your vehicle, ordering upholstery for your classic is easy. Whether ordering by phone or through our website, find the part number that corresponds to your car then replace the ##### with the color combination from the sample card.

Example, 1948 Sedan Coupe in order combination UV15X2 Striped broadcloth = UCC72BB48-UV15X2.

When placing an order through our website, you will also need to enter the complete part number for your vehicle and desired color choice. You will be directed to a base number where you will then have to reselect your color option to place your order.

There's not much more that will give your car that "just-finished" appeal than a brand-new gleaming set of Ford V8 hub caps from MAC's vast selection.

Durable stainless steel caps, when coupled with trim rings on your freshly painted red steel wheels, can give that timeless look to your restoration or traditional hot rod, while ridding your ride of those dented, rusted,

or missing originals. Dig even a little deeper in our printed catalog or website and a dazzling array of wide whites and custom valve stem caps are certain to tempt you.

From smoothy, "baby moon"-style no-name caps and pre-painted Ford script beauties, to the large-diameter 1936 wheel covers and even those harder-to-find Mercury versions, you will readily find the hub cap you'll need to "cap it all off."

Stainless Steel Smooth Hub Caps (5 required)

Smooth hub caps are great for the hot rod look. They're made to look like the original hub caps, but don't have logos embossed into them.

There'll be no need to dig into your re-TIRE-ment accounts when it's finally time to replace or upgrade your classic Ford's tires. The "right rubber" for your restored or custom early V8 Ford is wisely chosen by considering passenger safety, product longevity, dollar value and the visual appeal that comes with the period-correct tire and wheel combo.

From the 17- and 18-inch diameter sizes offered on the 1932-34 vehicles, to the commonly-used 6.00-16 tires found on our 1935 and later cars, MAC's can offer you authentic-appearing and reliable replacement tires to fit your needs. Inner tubes, unique valve stem caps and our handy Tire Wipes are also available to keep your whitewalls looking whiter.

All tires are oversize (OS1) and require additional shipping charges.

Brake Lining and Rivet Sets

Brake shoes and linings can be "arched" to ensure that when pedal pressure is applied, it is distributed equally over the entire surface of the lining. Brake shoes should be accurately ground so that they make full contact with the brake drum—your local brake shop can perform this service. MAC's brake lining and rivet sets are offered in both molded and woven material and include enough pieces and rivets for all 4 wheels. Woven lining was used originally on Ford cars. One set does one car.

Master Brake and Wheel Cylinder Kits

For 42-47 trucks, you will need to order an additional rear hose (01T-2078).

MAC's master brake cylinder kit contains the following:

- (1) master cylinder, 91A-2140
 (1) left front wheel cylinder, 21A-2062
 (1) left rear wheel cylinder, 91A-2262
 (2) front hydraulic brake hoses, 99A-2079-A
 (1) right front wheel cylinder, 21A-2061
 (1) right rear wheel cylinder, 91A-2261
 (1) rear hydraulic brake hose, 91A-2078-A
 (4) brake shoe retracting springs, 91A-2035

- 39-48 Passenger, also 39-41 1/2 ton pickup **91A-2001-KT^Δ** **254.99** kit

In the interest of safety, occasionally check the function of the hydraulic stop light switch threaded into the master cylinder. If yours requires replacing, see the Stop Light Switches listed in this section.

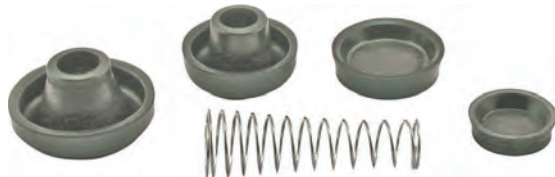

If your master cylinder is the heart of the brake system, then the wheel cylinders are surely the muscles. They directly convert hydraulic pressure into the mechanical motion that presses the brake shoes against the rotating brake drum surface, stopping the vehicle with a huge amount of

friction. If a wheel cylinder freezes up or begins to leak, the entire system ceases to function properly. We have all experienced the frustration of bleeder valves that are stuck, or worse, that break. Be sure your brake system is in tip-top shape with brand new wheel cylinders!

New Brake Shoe Sets (Passenger and 1/2 Ton Pickup) (1 set does one axle, 2 sets required per vehicle)

These brake shoes are now "all new" construction. No core fees or core returns! Top quality brake shoes for reliable braking. MAC's recommends replacing all the brakes at the same time for optimal braking at every wheel.

Before you install new brake shoes be sure to check the condition of the grease seals. It's good insurance to replace them now and save yourself the trouble later.

What kind of shoes do you need? 1939-45 had a round-shaped OD and "D" shaped ID, 1946-48 had a round-shaped OD with 2 flat sides and round ID. The cams needed are not included but listed in this section.

MAC's offers woven lining just like the original or a modern molded lining for better braking. The choice is up to you.

Getting your V8 Ford to "handle" instead of being a "handful" involves many individual components.

Beyond the obvious culprits, such as worn or out-of-balance tires, you would be wise to consider the condition of your existing spindle bolts (king pins). Even slightly worn king pins with excessive clearance within the front beam axle can lead to an annoying and unsafe front end shimmy.

Although not the easiest of tasks, replacing the spindle bolts with a complete kit from MAC's will conveniently provide you with all the quality king pins, washers, locking pins and bushings you'll need to do the job correctly.

Remember, if you don't have access to a spindle bolt reamer as shown above, you must take your spindles to a machine shop to have the bushings reamed or honed to size after they are pressed in.

For those drivers among us who enjoy adding digits to their odometers, an excellent upgrade is the Royal king pin sets. These stainless and chrome sets include deluxe needle bearings to take the place of the original upper and lower brass bushings. The decreased steering effort will almost give you the feel of power-assist.

For additional parts such as tie rods and tie rod ends that will help eliminate that unpleasant shimmy, shake and sway, contact MAC's for all your front axle needs.

Steering Arm Adapter

- 32-34 For 37-48 spindles on a 28-34 axle, when converting to hydraulic brakes, taped for Ford ends or can be drilled for 5/8" rod ends **X3131^Δ** **24.99 ea.**

Front Tie Rods, Housings and Ends

Bent or worn tie rods can lead to steering problems. Our tie rods are left hand thread on one end and right hand thread on the other, furnished less ends. After assembly with ends, they connect the right and left spindle arms.

Front Tie Rods

- 32-34 Replaces commonly bent or corroded rods, passenger and pickup, 43-1/2" **B3281^Δ** **24.99 ea.**

 Same as above, except chrome-plated **11A-3271-CH^A** **23.99** ea.

Steering Stabilizer

A steering stabilizer from SoCal is just what the doctor ordered; if you have a shimmy you can't seem to shake. The stabilizer connects the tie rod and lower arm of the radius rod. It's used on Hot Rod-style front ends with hairpin radius rods or four bar setups. It is easy to install and will make your steering smoother. Also helps to reduce tire wear. Includes stainless steel hardware.

Steering Wheels

After you install one of these beauties, you'll think you're pulling out of the showroom! Steer your restoration in the right direction with an item you'll be proud of, whenever you slide into the driver's seat! These wheels are unfinished and need to be painted. Just as important, when you're at the helm of your favorite V8 ride, are the many steering gearbox and column components that contribute to a carefree and comfortable journey. Durable, quality-built steering shafts, sectors and worm gears along with the necessary bearings and gaskets can make a world of difference when it's time to hit the highway. Replace your tired and worn steering wheel and parts once and for all...you'll be taking a turn for the better.

Overdrive Kit

Mitchell 26% or 36% overdrive kit, completely replaces driveshaft and torque tube, helical cut Borg-Warner gears for smooth, quiet operation, with speedometer and shifter cables, hardware and instructions.

Note: When ordering, we require the exact year, make and body style of your vehicle. Also, if ordering for a 1935 or 1936 Ford or Tudor sedan, you will need to modify the front portion of the floor just in front of the rear seat riser. We are not aware of any other years or body styles requiring this modification, but cannot guarantee your vehicle will be exempt from having to make this modification.

If you are doing any sort of major restoration project (replacing the carpeting, working with the firewall, etc.), we can't recommend these following products highly enough. Whether you want a quieter ride, or better insulation, MAC's has just what you need!

Insulation Sheet and Sound Deadener

Dynamat Xtreme®

Enhance your driving enjoyment. Modern cars use much more sophisticated materials to lessen road noise and vibrations inherent in all vehicles. MAC's is proud to offer the best sound deadener on the market, Dynamat Xtreme®. Originally created to improve stereo performance, many restorers and hot rodders use Dynamat Xtreme® to create a quieter cabin environment. Now you can too!

ALL 18" x 32" sheet, this is an easy-to-use "peel and stick" format. Just peel away the backing paper and the factory applied adhesive does the rest..... **DYNAMAT-0433^A** **24.99 ea.**

Firewall Insulation

A well-insulated firewall, transmission tunnel and floor pans are a must for any restoration or street rod. The V700770X insulation sheet, with its space-age reflective foil bonded on both sides, is rated R18.3 (700° F heat resistance). Can also be used in kick panels, rumble seat panels, inside door panels and under carpeting.

Front Springs

These are not generic "one size fits all" springs. MAC's springs are made using O. E. M. blueprints to ensure accuracy.

Whether it's front or rear, you will get a spring made to restore the original ride and feel of your classic Ford or Mercury. These are drop-shipped from the manufacturer to save you time and extra shipping costs. Because the function of your suspension system is to support the vehicle at its designed height, maintain proper wheel alignment, maximize tire contact and absorb road shock, it is necessary to have the following information about your restoration in order to supply the correct springs:

- 1) Year, make and model.
- 2) Body style.
- 3) Engine size.
- 4) Transmission type.

Please allow 2-3 weeks for delivery.

Poly Slide Leaf Spring Liners (as required)

With all the time and effort you put into restoring your car don't let something little like a squeak ruin your finished product! Use our Poly Slide Leaf Spring Liners to help fix that problem.

Designed to fit between spring leaves, they control friction and lessen squeaks. Molded in black with a "lip" to reduce movement and sold in convenient 20' rolls.

TCI Front Suspension Kit, Mustang II

If you want the ultimate front suspension for your car or pickup without breaking the bank, then look no further than TCI's versatile, newly redesigned, American-made coil-spring IFS kit. This kit is engineered for easier installation, enhanced drivability and a broader range of alignment adjustments. TCI has re-engineered the upper coil-spring tower to accommodate a traditional shim style alignment adjustment instead of using t-bolts. This new design now also uses a vertical plate to mount the upper control arm to. During this redesign, TCI was also able to increase camber gain and anti-dive for better performance.

The main channel is made from 3/16" thick ASTM A-1011 steel plate and is completely welded for quality control. The new lower control arm mounting pin is a one-piece design instead of a two-piece design for added strength and durability without increasing weight. TCI also uses heavy duty ball joints and control arms for extra strength and reliability. These kits come with a limited lifetime warranty and is proudly made in the USA!

High Compression Head

A high compression cylinder head is an ideal way to add some power to your Model B while maintaining a stock appearance. This cylinder head will require a higher torque specification (65 lbs.) and you should always use new head studs, washers and nuts. Please note: This will not accept a 3 hole Model B water pump, you'll need to use a Model A water pump.

Front Motor Mount Kits and Parts

Can there be a more overworked or more under appreciated part of your Ford than the lowly motor or transmission mount? Every time we rev our high-powered Ford engines, the poor mounts are stretched almost to the point of tearing apart. Every little oil leak seems to find its way to the sensitive rubber part of every mount, while exhaust and engine heat combine to cook mounts into an early grave. Yet, the motor and rear engine supports have the vital tasks of keeping our drivetrains properly centered and safely anchored under every condition, while also isolating engine vibrations from the chassis and passenger compartment. Have a heart and replace those worn and weakened motor and rear engine supports today!

32-36 Kit, 8 pieces, small hole, 7/8" hole in large metal washer, 4 and V8 passenger, commercial and truck (2 kits required) **B-6038-S^A** **22.99** kit

37-48 Kit, 8 pieces, large hole, 1-1/8" hole in large metal washer, 37-41 use 4 kits, 42-48 use 2 kits (2 or 4 kits required) **78-6038-S^A** **17.99** kit

Permatex Assembly Lube

- ALL Adheres to surfaces, preventing scuffing and galling during start-up, great for use on engine bearings, camshafts, lifters, valves, guides, rocker shaft assemblies and timing components, 4 oz. **RSP103^A** **7.99** ea.

Plastigage

Use plastigage to accurately measure clearance on the bearing surface. One package of this thin, waxed string is usually enough for one car. Note that the clearance for both the main and rod bearings is .0015". Includes instructions.

- ALL From 0.001" to 0.003"..... **PG1^A** **3.99** pkg

- ALL From 0.002" to 0.006"..... **PG2^A** **5.99** pkg

Permatex Prussian Blue

For precision fitting of valves, gears, bearings and other machined surfaces.

- ALL^A 0.75 oz. tube..... **PG3^A** **7.99** ea.

Enamels and Primers

- 32-41 1 quart can *..... **RSP6Q^A** **34.99** ea.
 32-41 11 oz. spray can *..... **RSP6^A** **7.79** ea.
 ALL Engine Enamel, black, dry in minutes, heat resistant up to 300° F, 12 oz. spray can *..... **RSP5^A** **12.99** ea.
 ALL Detail Paint, semi-gloss black, for brackets and suspension parts, 12 oz. spray can *..... **32-253525^A** **10.99** ea.
 ALL Cast Blast, sand blast your cylinder heads and other cast parts and then give them a coat of cast blast to keep them looking clean and new, 12 oz. spray can *..... **32-253512^A** **9.99** ea.
 ALL Alumi Blast, restores a new aluminum look to cleaned or sandblasted parts, 12 oz. spray can *..... **RSP87^A** **9.99** ea.
 ALL Hi Temp Cast Iron Gray Paint, 12 oz. spray can *..... **32-253523^A** **13.99** ea.

Aluminum Head Saver (Sacrificial Anode)

- ALL Its a good idea to install this waste metal anode in your cooling system any time your engine uses an aluminum cylinder head, or has any dissimilar metals. The anode is designed to deteriorate instead of an aluminum head. It also reduces the harmful effects of electrolysis which causes corrosion, made in the USA. **A6010AHS^A** **9.99** ea.

Oils

- 32-48 30W Oil, 1 quart bottle, non-detergent **OIL/30W^A** **9.99** ea.
 ALL Marvel Mystery Oil, top cylinder oil, effectively frees sticky valves and tappets reducing internal rust and corrosion, 16 oz. container..... **MARVEL^A** **8.99** ea.

Today's readily available motor oil is formulated specifically for new cars and their roller cams and rocker arms. An additive, ZDDP (zinc), has been reduced over the years to a level now where using modern oil in a flat tappet equipped engine can cause excessive wear on your camshaft. ZDDPlus restores ZDDP to the optimum level that existed when your classic car was designed. Adding a 4 oz. bottle each time you change your oil will significantly reduce camshaft wear. It's compatible with all the new formula, high quality oil, so add ZDDPLUS to your oil routine and give your engine the protection it deserves. Use one 4 oz. bottle per oil change.

- ALL 4 oz. bottle..... **ZDDPLUS^A** **9.99** ea.

Sealers

- ALL Head Gasket Sealant, fills in imperfections, eliminates hot spots and prevents seizing of connection and fittings, copper formula, 9 oz. spray can *..... **RSP32^A** **15.99** ea.
 ALL Permatex "Form-A-Gasket," silicone, blue, replaces almost any cut gasket, 3 oz. tube..... **RSP50^A** **6.99** ea.
 ALL Exhaust Sealant, hi-temp copper sealant to seal flange between manifold, pipes and muffler, replaces cork, rubber, 'silicone, felt and other cut gaskets to form a leak-proof seal, resists oil, grease, water, antifreeze mixture and transmission fluid, more flexible than conventional gaskets, can be used on water pumps, exhaust manifolds, valve covers, timing gear covers, transmission pans, water neck outlets or any place a high-performance gasket is needed, 3 oz. tube..... **A5251SEAL^A** **8.99** ea.

Permatex Gasket Remover

Quickly removes all types of baked-on gaskets, adhesives and sealants.

- ALL 4 oz. spray can with brush *..... **RSP52^A** **16.99** ea.

Permatex Anti-Seize Lubricant

A blend of aluminum, copper and graphite lubricants. Perfect for easy removal of spark plugs and cylinder or exhaust head bolts.

- ALL 1 oz. tube..... **RSP102^A** **5.99** ea.

* **HAZARDOUS MATERIAL**—can only be shipped by ground/surface within the U.S. because of government regulations.

Camshaft Rear Small Gears

These are the oil pump drive gears.

- 32-48 85, 90 and 95 HP, round ID at the rear end of the camshaft **18-6254-A** **5.99** ea.
- 32-48 85, 90 and 95 HP, 3/8" flat ID at the rear end of the camshaft **18-6254-B** **39.99** ea.

Camshaft Timing Gears

- 32-34 50 teeth, 4 cylinder, Model B, standard, macerated fiber (shown) **B6256/S** **61.99** ea.
- 32-34 50 teeth, 4 cylinder, Model B, .003" OS, macerated fiber **B6256/003** **56.99** ea.
- 32-34 50 teeth, 4 cylinder, Model B, .005" OS, macerated fiber **B6256/005** **63.99** ea.
- 32-34 50 teeth, 4 cylinder, Model B, standard, billet aluminum **B6256/SAL** **66.99** ea.

- 35-41 44 teeth, V8, except 60 HP press-on, fiber **48-6256** **19.99** ea.
- 35-48 44 teeth, bolt-on, aluminum **91A-6256** **96.99** ea.

Camshaft Dowel Pin (2 required)

- 32-34 Secures timing gear to camshaft, 4 cylinder, Model B **B6253** **4.99** ea.

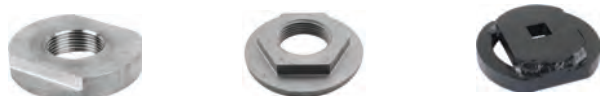

Camshaft Gear Locking Bolts and Washer

- 35-48 Camshaft gear lock ring washer, except 60 HP **91A-6258** **14.99** ea.

Camshaft Lock Nuts and Bearings

- 32-34 Lock nut, 4 cylinder, Model B **B6259** **5.99** ea.
- 32-34 Lock nut, 4 cylinder, Model B, modern style, replaces original nut with standard hex nut, use with 1-1/4" 6 point socket wrench **B6259M** **12.99** ea.
- 32-34 Lock nut tool, uses a 1/2" drive socket wrench, will not damage the nut **A6251** **19.99** ea.

- 32-34 Thrust plunger and spring set, 4 cylinder, Model B, fits into front timing cover, lubricate prior to installing **B6275/76** **3.99** set
- 39-48 Bearing set, 3 pieces, standard, V8, except 60 HP **B4A-6A251-A** **49.99** set

- 37-40 Bearing set, 3 pieces, standard, 60 HP **52-6260-S** **54.99** set

Cam Bearing Tool

- 32-48 Allows you to easily remove and install cam bearings, the driver head slips into the ID of the cam bearing, tapping the tool against the bearing with a hammer is all you need do to remove it from the block, V8 Flathead **18-6260-TL** **119.99** ea.

Engine Turning Tools

- 32-34 Bolts to end of crankshaft, enables you to turn crankshaft with a socket wrench while rebuilding your engine, 4 cylinder, Model B **A6303TL** **11.99** ea.
- 32-34 Deluxe version, bolts to bell housing in place of the starter, the gear moves the flywheel ring gear, the large hex hat turns the gear can be used to rotate the engine clockwise or counterclockwise, this allows you to free a stuck engine, set the timing, adjust valves and change the timing gear, 4 cylinder, Model B **A6007** **184.99** ea.

Crankshaft Gears

- 32-34 25 teeth, 4 cylinder, Model B, steel, use with any B6256 listed in our "Camshaft and Parts" section **B6306** **17.99** ea.
- 35-48 22 teeth, V8, steel, passenger, 35-47 pickup **48-6306** **39.99** ea.

Crankshaft Gear Woodruff Keys

- 32-37 4 cylinder, Model B and V8, except 60 HP... **B6311^A** **3.99** ea.
 38-48 V8, 90 and 100 HP **74153-S^A** **3.99** ea.

Crankshaft Oil Slingers

These slingers fit the front of the crankshaft.

- 32-34 4 cylinder, Model B **B6310^A** **3.99** ea.

Crankshaft Pulleys

- 1932 1-piece, 4 cylinder, Model B, 5.15" diameter, use if engine is out of car **B6312A^A** **29.99** ea.
 1932 2-piece, 4 cylinder, Model B, 5.18" diameter, use if engine is in car, uses a left-hand (reverse) thread..... **B6312B^A** **34.99** ea.
 1932 4 cylinder, Model B, modern steel pulley with timing marks engraved, reduced 2-3/4" size (inner groove) which slows water pump, accepts a stock fan belt **B6312S^A** **173.99** ea.

Crankshaft Ratchet Nuts

Fits into the "nose" of the crankshaft. The hand crank fits into the end of the ratchet to turn the engine over.

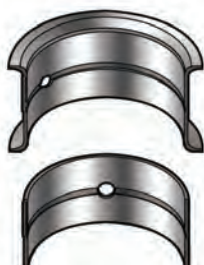

- 32-38 1-3/8" hex size, all, except 60 HP and "H" engines (shown)..... **B6319^A** **14.99** ea.
 42-47 1-3/8" hex size, 90 and 100 HP engine, 6 cylinder "G" engine, big truck..... **B6319^A** **14.99** ea.

Crankshaft Main Bearing Sets

In addition to checking for crankshaft straightness, make certain you or your machine shop installs a new crank drive gear and woodruff key. Mark the location of each of the three main bearing caps prior to disassembly, noting the rear cap on a Flathead does not interchange with the others. Oversize main bearings are utilized when a worn or out-of-round crankshaft is machined (ground) undersize. Note that the maximum bearing clearance on a worn journal is .003" for main bearings on a Flathead V8.

We offer standard and a variety of oversized crankshaft main bearing sets. To see the full offering for each set, please visit our website. 85 HP V8, 21 Stud Engine

- 37-38 85 HP V8, 21 stud engine, 2.4" journal **68-6330^A** **174.99** set
 39-48 85-100 HP V8, 24 stud engine..... **81A-6330^A** **114.99** set

Crankshaft Main Bearing Sets, Insert Style

Modern insert style main bearings are not a direct replacement to the original babbitt style bearings. Each set includes instructions, but the block MUST be machined to accept these new bearings. You MUST order (3) B-6332 thrust washers along with these sets. 3 pair, 4 cylinder, Model B

- 32-34 Standard **B-6331/S^A** **101.99** set
 32-34^A .010" oversize **B-6331/10^A** **101.99** set
 32-34^A .020" oversize **B-6331/20^A** **101.99** set
 32-34^A .030" oversize **B-6331/30^A** **101.99** set
 32-34^A .040" oversize **B-6331/40^A** **101.99** set

Main Bearing Thrust Washer (3 required)

- 32-34 Brass, MUST use when converting babbitt style main bearing to the modern insert style components listed above **B-6332^A** **13.99** ea.

Rear Main Bearing Oil Seals

- 32-34 Nitrile, requires machining, 4 cylinder, Model B, with instructions **B-6335^A** **24.99** ea.
 32-34 Aluminum, for engines which have been modified and no longer have the slinger on the crankshaft, use with B-6335 seal, 4 cylinder, Model B **B-6335-ALM^A** **81.99** ea.
 39-48 Upper, V8 except 60 HP, with rear double slinger, U-shaped groove, 41-42 4 cylinder commercial truck..... **91A-6335^A** **69.99** ea.

Rear Main Bearing Packings

- 39-48 Upper or lower packing, V8, except 60 HP, 41-42 4 cylinder (2 required) **91A-6347^A** **11.99** ea.

- 39-48 Same as above, except Graphite rope seal, a modern kevlar reinforced material which is coarse, woven and easier to trim than the original rope seal, includes knife and spacers for trimming **91A-6347-GR^A** **19.99** ea.

Rear Main Bearing Shim Set

- 32-34 4 cylinder, Model B, 6 pieces, laminated style **B-6340/46-S^A** **14.99** set

Rear Main Bearing Cap Hardware

The neoprene washers included in this kit can only be torqued once.

- 32-34 Main bearing bolt kit, 4 cylinder, Model B, modern, includes 4 long bolts, 2 short bolts, 6 hex nuts, 6 washers and 6 neoprene seal-lite washers, washers go against the block..... **A6344MOD^A** **39.99** kit

- 32-48 Bearing cap bolt nut, castle nut, black oxide, 1/2"-20, 4 cylinder, Model B and V8, except 60 HP, 41-48 6 cylinder (6 or 8 required) **NCastle816^A** **1.99** ea.

Modern Valve Kit

- 32-34 Modern style components, 4 cylinder, Model B, includes (8) B6501KT, (8) B6510SSM, (8) B6513, (8) 8BA-6514 and (8) 7HA-6518 **B6501KT^A** **173.99** kit

"Split" Valve Kit

- 32-48 Mushroom valve, split style components, 85, 90 and 95 HP, includes (16) 11T-6505, (16) 40-6510, (16) 40-6512, (16) 78-6513, (16) 40-6514 and (16) 8BA-6571 **40-6501-KT^A** **667.99** kit

"Solid" Valve Kit

- 32-48 Straight valve, solid style components, 85, 90 and 95 HP, includes (16) 8BA-6505, (16) 8BA-6510, (16) 40-6512, (16) 78-6513, (16) 8BA-6514, (16) 7HA-6518 and (16) 8BA-6571 **8BA-6501-KT^A** **244.99** kit

Valve Guide Retainer and "O" Ring

Valve Guide Retainer (12 or 16 required)

- 32-48 85, 90 and 95 HP, 41-47 6 cylinder "G" engine, horseshoe shape..... **40-6512^A** **1.99** ea.

Valve Guide "O" Ring (8 required)

- 32-48 V8 engines, except 60 HP, intake use with 8BA-6510 or 40-6510..... **8BA-6571^A** **0.99** ea.

Valve Guide Removal Tools

- 32-34 Model B, accurate reproduction of K. R. Wilson's tool **A6500VGR^A** **20.99** ea.

- 32-34 4 cylinder, Model B, mushroom stemmed, 5.729" long, stainless steel (8 required) .. **B6505SS^A** **9.99** ea.
 32-34 4 cylinder, Model B, 8BA style, straight stemmed, 5.731" long, stainless steel (8 required) **B6505SSM^A** **9.99** ea.
 32-48 85, 90 and 95 HP, straight stem, for solid guides, 4.817" long, stainless steel (16 required) **8BA-6505^A** **7.99** ea.
 32-48 85, 90 and 95 HP, mushroom stemmed, 4.821" long (16 required) **11T-6505^A** **25.99** ea.
 37-40 60 HP, mushroom stemmed, 4.371" long (16 required)..... **52-6505^A** **25.99** ea.

Intake Only

- 32-48 85 and 95 HP, 4-7/8" long, mushroom stemmed (8 required)..... **11A-6507^A** **24.99** ea.

Valve Guides

- 32-34 Split type, cast iron, 4 cylinder, Model B (8 pair required) **B6510A^A** **11.49** pr.
 32-34 One piece, 4 cylinder, Model B, stainless steel (8 required) **B6510SSM^A** **7.99** ea.

- 32-48 Split type, 85, 90 and 95 HP, 41-42 4 cylinder 40 HP commercial truck (8 or 16 pair required) **40-6510^A** **7.99** pr.
 37-40 60 HP engine (16 required) **52-6510^A** **20.99** ea.

- 41-47 Exhaust, split type, 6 cylinder "G" engine (6 pair required) **1GA-6510^A** **17.99** pr.
 41-47 Intake, split type, 6 cylinder "G" engine (6 pair required)..... **1GA-6511^A** **6.99** pr.
 32-48 Solid valve guide, 85, 90 and 95 HP (16 required)..... **8BA-6510^A** **6.99** ea.

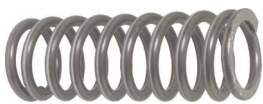

Valve Seats

- 32-48 V8, requires machining to install (as required) **40-6056^A** **6.99** ea.
- 32-34 Hardened steel, 4 cylinder, Model B, requires machining to install, highly recommended for today's unleaded gasoline (8 required) **A6506HD^A** **5.99** ea.

Valve Springs, Retainers and Locks

- 32-34 Valve spring, 4 cylinder, Model B (8 required) **B6513^A** **0.99** ea.
- 32-48 Valve spring, 85, 90 and 95 HP and 6 cylinder "G" engine, 41-42 4 cylinder 40 HP commercial truck (8, 12 or 16 required) **78-6513^A** **4.99** ea.
- 32-34 Valve spring retainer, 4 cylinder, Model B, use with B6505SS type valves (8 required) **B6514^A** **3.99** ea.

- 32-48 Valve spring retainer, 85, 90 and 95 HP, 41-42 V8, except 60 HP, 4 cylinder 40 HP commercial truck, 6 cylinder "G" engine, use with 11T-6505 or 11A-6507 type valves (8, 12 or 16 required) **40-6514^A** **3.49** ea.
- 32-48 Valve spring retainer, for straight valves, except 60 HP, use with 8BA-6505 type valves (16 required) **8BA-6514^A** **3.99** ea.
- 32-48 Valve locks for 8BA-6505 straight valves, V8, except 60 HP, passenger and truck 6 cylinder "H" engine, use with 7HA-6505-A or 7HA-6507 (currently not being reproduced) (12 or 16 pair required) **7HA-6518^A** **0.99** pr.

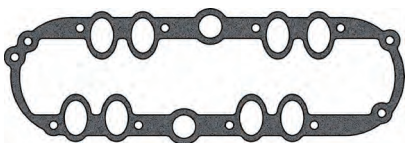

Valve Cover Gaskets

- 32-34 4 cylinder, Model B **B-6521^A** **10.49** ea.

- 32-48 V8, except 60 HP, "intake" **40-6521^A** **9.99** ea.

- 37-40 60 HP, "intake" **52-6521^A** **14.99** ea.

Valve Tappets and Tool

- 32-34 Set, adjustable, made in the USA, 4 cylinder, Model B, single lock style, 8 pieces  **A6500SSS^A** **115.99** set
- 32-34 Same as above, except each (8 required) **A6500SS^A** **17.99** ea.

- 32-34 Set, adjustable, made in the USA, 4 cylinder, Model B, double lock style, 8 pieces  **A6500SLS^A** **94.99** set
- 32-34 Same as above, except each (8 required) **A6500SL^A** **13.99** ea.

- 32-34 Set, adjustable, made in the USA, 4 cylinder, Model B, double lock style, .005" oversized for worn blocks, 8 pieces  **A6500SLOSS^A** **116.99** set
- 32-34 Same as above, except each (8 required) **A6500SLOS^A** **19.99** ea.

- 32-48^A Non-adjustable, with slotted sides, V8, except 60HP, 41-42 4 cylinder commercial truck, 41-47 6 cylinder "G" engine (12 or 16 required) **18-6500^A** **1.99** ea.
- 32-48 Set, adjustable, with slotted sides, includes (16) 91A-6500-AJ, V8, except 60 HP, 41-42 4 cylinder commercial truck, 41-47 6 cylinder "G" engine, made in the USA  **91A-6500-AJST^A** **228.99** set
- 32-48 Same as above, except each (12 or 16 required) **91A-6500-AJ^A** **14.99** ea.

- 32-48 Set, adjustable, same as above, except "Johnson" style (French hollow), includes (16) 91A-6500-AJJB  **91A-6500-AJJBST^A** **228.99** set
- 32-48 Same as above, except each (12 or 16 required) **91A-6500-AJJB^A** **14.99** ea.

Adjustable Tappet Wrench

Use the following wrench with any of the above 91A series tappets.

- 32-48 Adjustable tappet wrench, holds tappets up while adjusting. **91A-6500-WRN^A** **9.99** ea.

4 Cylinder, Model B Oil Pump and Parts

- 32-34 Oil pump, new, a quality import, which is an exact duplicate of the original Ford equipment, comes ready to install, shell and cover plate are zinc, copy of the 30-31 pump with the larger oil flow chamber for improved performance.....**B6600B**^Δ **399.99** ea.

- 32-34 Oil pump rebuild kit, driveshaft with gear mounted, along with driven gear, two bushings and cover gasket.....**B6600U**^Δ **29.99** kit
- 32-34 Same as above, except top quality, Melling brand.....**B6600UTQ**^Δ **78.99** kit

- 32-34 Oil pump drive gear bearing, B6551U rides in this bearing.....**B6541**^Δ **24.99** ea.
- 32-34 Oil pump drive gear assembly, fully assembled.....**32-72875**^Δ **66.99** ea.

To remove B6551U, remove the valve cover, compress spring B6570-1/2" from the top, then pull it out. The gear drive assembly can then be removed. Remove the pin from the housing to release the drive gear.

- 32-34 Oil pump drive gear and shaft.....**B6551U**^Δ **29.99** ea.

The two drive gears listed below are the answer to wear that might have occurred over the years. The width of the teeth is oversized to compensate for camshaft wear.

- 32-34^Δ .004" oversize.....**B6551U/004**^Δ **42.99** ea.
- 32-34^Δ .010" oversize.....**B6551U/010**^Δ **33.99** ea.

- 32-34 Oil pump drive gear sleeve, with pin.....**B6561**^Δ **8.49** ea.
- 32-34 Oil pump drive gear pin, holds sleeve to upper shaft.....**B12196**^Δ **0.99** ea.

- 32-34 Oil pump drive gear bearing retainer spring **B6570**^Δ **1.99** ea.
- 32-34 Oil pump bottom plate bolt and washer set, 8 pieces.....**A6610X**^Δ **2.99** set

- 32-34 Oil pump retaining spring clamp.....**A6618**^Δ **2.49** ea.
- 32-34 Oil pump retaining spring at bottom of pump.....**B6620**^Δ **0.99** ea.
- 32-34 Oil pump screen, cylindrical-shaped.....**A6623B**^Δ **5.99** ea.
- 32-34 Oil pump screen cover gasket.....**B6626**^Δ **0.99** ea.

- 32-34 Oil pump shield, fits around oil pump in the oil pan, improves distribution of oil to all cylinders, zinc-plated stamped steel.....**A6631**^Δ **13.99** ea.
- 32-34 Oil pump holder tool, holds pump in place temporarily when you drop and install the oil pan.....**B6600TOOL**^Δ **9.49** ea.

Oil Pumps

- 32-48 New oil pump assembly, short body, 50# pressure, except 60 HP, made in the USA.....**8BA-6600**^Δ **22188.99** ea.

- 32-48 New oil pump assembly, short body, 80# pressure, some pickup tube modifications might be required, this is a high output pump, except 60 HP.....**8BA-6600-HO**^Δ **152.99** ea.

LONG BODY NOTE: To convert the above new pumps (8BA-6600 and 8BA-6600-HO) to a long body, you will need: 8RT-6615 oil pickup and 41A-6623 oil screen.

Oil Pump Rebuild Kits

- 32-48 For 8BA-6600 oil pump, 50# pressure, except 60 HP.....**8BA-6600-RKT**^Δ **122.99** kit

- 37-40 60 HP V8, 2 small gears, bushing and gaskets.....**52-6600-RKT**^Δ **44.99** kit

Oil Pump Shafts and Gears

- 41-47 Gear with short shaft, 6 cylinder "G" engine.....**5GA-6608**^Δ **38.99** ea.

Oil Filter

Everyone knows the importance of changing your oil regularly in your daily driver. It's important to do the same with your classic car. Nothing benefits an engine more than fresh oil and a new filter free from dirt and sludge.

Spin-On Oil Filter Conversion Kit

If you are tired of the mess that a canister filter setup can create, you will be happy to find out that we have the solution for your Flathead V8. Our spin-on oil filter conversion kit is simple. It features a powder coated bracket and a machined aluminum housing along with 2 brass compression fittings and 2 threaded inserts. It attaches to the cylinder head in the factory location utilizing existing head studs or bolts.

- 38-48 Flathead V8, filter is included..... **89A-6731-KT** ^Δ **142.99** kit
38-48 Oil filter for above conversion kit, "Motorcraft"..... **8A-6731-M** ^Δ **9.99** ea.

Oil Pump Screens and Retainer

- 32-48 Oil pump pickup and cover assembly, for 8BA-6600-HO or 8BA-6600 short body pumps, to convert 49-53 short body 80# pressure pump for use in a 32-48 motor..... **8RT-6615** ^Δ **39.99** ea.
32-48 Oil pump pickup, cover and screen kit, same as above, except it includes the screen **8RT-6615-KT** ^Δ **54.99** kit

Oil Pump Idler Gear Bushing

- 32-48 In cylinder block, V8, except 60 HP..... **18-6657** ^Δ **5.99** ea.

Oil Related Decals

- 35-48 "AC" oil filter decal, passenger and truck, red and black (shown)..... **DF5** ^Δ **9.99** ea.
39-48 "FRAM" oil filter decal set, passenger and truck, 2 decals, gold and red..... **DF64** ^Δ **9.99** set
35-36 Oil filler cap decal, passenger and truck, black and white..... **DF3** ^Δ **9.99** ea.
42-48 Fan blade oil decal, passenger and pickup, black and yellow..... **DF27** ^Δ **9.99** ea.

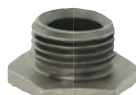

Oil Pump Parts

- 32-48 Oil pump bushing, 85, 90 and 95 HP, 4 cylinder, Model B (2 required)..... **A6612** ^Δ **4.99** ea.
32-42 Oil relief valve spring, in cylinder block, 50# pressure pump, 41-42 4 cylinder, use with 68-6600 oil pumps (currently not being reproduced)..... **01A-6654** ^Δ **0.99** ea.

- 32-48 Oil relief valve spring, in cylinder block, 80# pressure pump, V8 90 and 100 HP, passenger, 32-47 pickup..... **41A-6654** ^Δ **0.99** ea.
32-48 Oil pump plunger, V8, passenger, 32-47 pickup..... **01A-6663** ^Δ **9.99** ea.

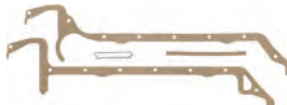

- 32-48 Oil relief valve plug, V8 and 41-47 6 cylinder "G" engine..... **68-6666** ^Δ **7.99** ea.
37-48 Oil plug, cylinder block main oil line plug, passenger, V8, 37-47 pickup..... **78-6024** ^Δ **0.99** ea.

Oil Pan Gasket Sets

- 32-34 4 cylinder, Model B, 4 pieces..... **B-6781** ^Δ **12.99** set
32-34 V8, 4 pieces..... **18-6781** ^Δ **17.99** set

- 35-48 V8, 85, 90 and 95 HP, 4 pieces..... **48-6781** ^Δ **18.99** set
47-48 6 cylinder "H" engine, 5 pieces, passenger, 47 pickup..... **7HA-6710** ^Δ **29.99** set

Engine Compartment Decals

- 35-48 "AC" oil filter decal, passenger and truck, red and black..... **DF5** ^Δ **9.99** ea.
39-48 "FRAM" oil filter decal set, passenger and truck, 2 decals, gold and red..... **DF64** ^Δ **9.99** set

42-48 Fan blade oil decal, passenger and pickup, black and yellow..... **DF27** ^Δ **9.99** ea.

Oil Pan Seals (Timing Cover Seals)

- 
- 
- 32-48 Oil pan front packing, 4 cylinder and V8, except 60 HP (2 required) **A6700^Δ** **4.99** ea.
- 32-34 Oil pan to front crankshaft seal, modern style, neoprene, 4 cylinder, Model B **A6700MR^Δ** **14.99** ea.

Gasket Sealant

- ALL Permatex, a general-purpose gasket maker and sealant, works well with cork and paper gaskets, locking out fuel, anti-freeze and oil, 4 oz. can with brush in lid * **RSP25^Δ** **7.99** ea.
- 

Oil Pan Mounting Kits

- 
- 32-34 4 cylinder, Model B, 20 bolts, 20 washers **A6676S^Δ** **7.99** kit

Oil Pan Cleanout Plate Gaskets

- 
- 47-48 Passenger, 47 6 cylinder "H" engine, truck **7HT-6698^Δ** **6.99** ea.
- 47-48 ^Δ .875" ID, use with 8HA-6730, 6 cylinder "H" engine **86H-6734^Δ** **3.99** ea.

Oil Pan Drain Plugs

- 
- 
- 32-38 Set, with brass gasket, 32-34 4 cylinder, Model B, V8, except 37 60 HP **B6730/34^Δ** **7.99** set
- 32-38 Same as above, except no gasket **B6730^Δ** **7.99** ea.
- 
- MAGNETIC**
- 32-38 Same as above, except features a built-in magnet that will collect any loose metal particles, a great item and potential engine saver! **B6730M^Δ** **5.99** ea.
- 39-48 Oil pan drain plug, 1-1/2"-20 x 5/8", V8, 39-40 60 HP, 47-48 6 cylinder "H" engine, having an oil pan with cleanout plate **52-6730^Δ** **9.99** ea.
- 47-48 Oil pan drain plug, 7/8"-16, hex head plug with nylon washer, 6 cylinder "H" engine having oil pan without cleanout plate **8HA-6730^Δ** **8.99** ea.

Oil Pan Drain Plug Gaskets

- 
- 32-38 ^Δ .750" ID, use with B6730 or B6730M, fiber, 32-34 4 cylinder, Model B, V8, except 37 60 HP **A6734A^Δ** **0.25** ea.
- 32-38 Same as above, except brass **A6734B^Δ** **0.99** ea.
- 32-38 Same as above, except copper **A6734C^Δ** **3.99** ea.
- 39-48 ^Δ 1.550" ID, use with (listed in previous column), fiber, V8, 39-40 60 HP, 47-48 6 cylinder "H" engine **52-6734^Δ** **9.99** ea.

Oil Pan Drain Plug Repair Kits

Repairs damaged threads. Both include drain plug, gasket and instructions.

- 
- 
- 32-38 Glue-in type **B6730RK^Δ** **21.99** kit
- 32-38 Weld-in type, removal of pan is required **B6730RKW^Δ** **19.99** kit

Oil Dip Sticks

- 
- 32-34 Original cadmium-plated style, 4 cylinder, Model B **B6750^Δ** **3.99** ea.
- 
- 35-48 V8, 90 and 100 HP, 35-47 commercial and truck, except C.O.E. **48-6750^Δ** **14.99** ea.
- 35-48 Same as above, except chrome **48-6750-CH^Δ** **25.99** ea.

Oil Dip Stick Tube

- 
- 35-48 8-1/4" long, V8, except 60 HP **48-6754-B^Δ** **9.99** ea.

Oil Filler-Breather Parts

- 
- 35-48 Oil filler-breather cap, cylindrical, 85, 90 and 95 HP **48-6766-B^Δ** **14.99** ea.
- 
- 35-48 Same as above, except chrome **48-6766-CH^Δ** **24.99** ea.

Flywheel Ring Gear

- 32-48 85, 90 and 95 HP engine, 112 teeth, also fits 32-34 4 cylinder, Model B **B6384^A** **27.99** ea.

Flywheel Parts

- 32-48 Flywheel bolt set, special hardened bolts with a hole drilled in the head for safety wire, 4 pieces, V8 and 4 and 6 cylinder, passenger, 28-47 pickup and truck  **B6376S^A** **17.99** set
32-48 Same as above, except each (4 required) ... **B6376^A** **7.99** ea.
ALL Safety wire, 1/4 lb. spool, .032" stainless steel, a great item **SAFETYWIRE^A** **10.99** roll
32-34 Flywheel housing gasket, 4 cylinder, Model B **BB6396^A** **0.99** ea.

- 32-48 Flywheel dowel, 21/32" long, 4 cylinder, 6 cylinder and V8, fits into rear flange area of crank to attach flywheel (2 required) **B6387^A** **3.99** ea.
1932 Flywheel to block dowels, aligns flywheel housing to back of block, to be pressed in, 4 cylinder, Model B **B6397^A** **9.49** pr.
32-34 Flywheel shim, used on two bolts at rear of engine block between housing and block, it's recommended that you buy 4 or 6 to shim properly, 4 cylinder, Model B (2 required) **B6400^A** **0.99** ea.

When replacing your flywheel and a new or rebuilt clutch/pressure plate unit, it's advisable to have the assembly along with the crank dynamically balanced. This greatly reduces vibration and wear on bearings.

CORE INFORMATION

Core Information

At MAC's, we care about cores. Cores are often required for items that are not available new and thus have to be rebuilt using an original style unit, what we refer to as a "core." Consequently, these cores are always needed, so we can offer them rebuilt and help to keep these vital automotive products available for all Ford fans. This is noted where applicable in the catalog with a * and note referring to this page.

MAC's charges a core fee on some designated items. For certain items, we must have your core in advance of shipping, as surplus cores are not readily available. This is noted where applicable in the catalog. We also have numerous services available where we restore the item you send in and return it back to you.

WE WANT YOUR CORES. When you fail to send MAC's your core, the future availability of the item becomes questionable. Help MAC's keep these items alive for the next generation of Early V8 enthusiasts by sending us your core.

The core fee will be refunded upon receipt of an acceptable exchange and within 90 days. All cores must be shipped prepaid by the customer in good, rebuildable condition. If you feel your core is unrebuildable or of marginal condition, save yourself time and money, **DON'T SEND IT.**

Most radiators are drop shipped directly from Walker. Allow 2–3 weeks for delivery of radiators. There is a flat rate \$30.00 shipping fee to all destinations within the contiguous U.S.

Champion Aluminum Radiators

Why take chances with your valuable engine? Step up to Champion's all-aluminum, high efficiency radiator. Aluminum alloy is a far superior metal to the original equipment copper-brass construction because it dissipates (or "radiates") heat much more quickly and cools down much more rapidly. Heat transfer from your engine to the atmosphere is greatly increased, thereby lowering the temperature of the engine coolant dramatically. An aluminum radiator will out-cool a copper brass radiator of similar size and construction by at least 40%. As a bonus, it's 50-75% lighter than your typical brass/copper radiator.

Radiator Water Overflow Tanks

All modern cars have radiator overflow tanks. Equip your favorite oldie with one of our stainless steel tanks and you'll wonder why you didn't think of it years ago. Polished to a mirror-like shine, our tanks feature an aluminum cap with a leakproof "O" ring seal along with mounting brackets and hardware. The availability of 4 different lengths means they can be made to fit almost any application.

Steel Hoods

The hoods offered by MAC's are made in the USA. They are of the finest show-car quality with thousands of satisfied customers and can be found on show cars and in museums throughout the world. All stock hoods are duplicates of the originals, with careful attention given to all details. All hoods are of the same gauge steel as the originals. The hoods are shipped directly from the manufacturer in special boxes to avoid damage. Please allow 4-6 weeks for delivery. Upon arrival and prior to finishing, verify the size and fit of the hood. Painted or primed hoods are not returnable.

IS All hoods are oversized and require additional shipping charges. There is also an additional \$10 boxing fee per hood.

Never order a carburetor or rebuild service without first confirming the type you have on your car BEFORE ORDERING!! Most vehicles do NOT have the correct or original carburetor on them. Visually check your carburetor first by using our ID charts to confirm which one you have, then order. MAC's cannot provide a full refund for carburetors sent as a core but of a different style. Core value is determined at MAC's discretion.

Complete Rebuilt Carburetors

Never order any carburetor or rebuild service before you double check your carburetor style.

Please see parts indicated with ** on the MAC's Early V8 website for complete rebuild details. Please see page 80 for core information on other carburetors.

- 1932 Wire loom rubber grommet through firewall, included in set above **B-14603^A** **3.99** ea.
- 33-34 Firewall rubber grommet set, 5 pieces, passenger and pickup **40-14600-ST^A** **13.99** set
- 33-34 Wire loom rubber grommet through firewall, included in set above **40-14603^A** **3.99** ea.
- 35-48 Grommet for dash wires on firewall, rubber, all **48-14603^A** **5.99** ea.
- 32-48 Choke and throttle rod rubber grommet at firewall, passenger and pickup (2 required) **B-14605^A** **2.49** ea.

Choke and Throttle Dash Grommets

These molded rubber grommets fit into the dash where choke/throttle cables pass through. The color of the grommet usually complemented the interior color of the vehicle.

- 32-37 Black, rubber (2 required) **B-9719^A** **2.49** ea.
- 32-37 Brown, rubber (2 required) **40-9719^A** **2.49** ea.
- 35-36 Gray, rubber (2 required) **48-9719^A** **1.49** ea.
- 38-40 Black, rubber, passenger, 40-41 pickup (2 required) **81A-9719^A** **4.99** ea.
- 39-48 Grommets and clip set, 4 pieces, passenger, 40-47 pickup **91A-9719-B^A** **19.99** set

Accelerator Pedal and Parts

- 32-34 Accelerator foot rest assembly, complete with base **A9765A^A** **8.99** ea.
- 32-34 Rubber pad, fits foot rest post, this is a non-original accessory pad **A11471C^A** **1.99** ea.
- 35-48 Accelerator pedal rod, pedal to linkage, from accelerator rod to gas pedal, V8, passenger **48-9727^A** **7.99** ea.
- 35-48 Accelerator pedal, original type, passenger and pickup **21A-9735^A** **15.99** ea.
- 32-48 Accelerator pedal spring, passenger and pickup **48-9737^A** **4.99** ea.
- 32-39 Accelerator to carburetor rod, 10-1/2", till 39 Standard **A9747^A** **9.99** ea.
- 39-48 Accelerator to carburetor rod, 10-3/4", V8, except 39 60 HP, 40-48 Deluxe **91A-9747^A** **9.99** ea.

AIR CLEANERS AND FILTERS

Oval Air Cleaner and Filter

These parts are good looking and gives you that custom touch in your engine compartment without a huge expense. Includes air cleaner top, bottom, and filter with hardware.

Air Filter Parts

- 32-34 Screen and filter kit, for dry type intake silencer B-9600 (currently not being produced), with instructions **B-9601^Δ** **11.99** kit
 32-34 Snap ring for dry type intake silencer **B-9602^Δ** **8.99** ea.
 33-36 Air cleaner element, copper mesh only, as original, V8 **48-9600-C^Δ** **9.99** ea.

- 33-36 Same as above, except with outer retainer **48-9600-CK^Δ** **19.99** ea.
 37-41 Air cleaner element, copper mesh only, as original, V8 **78-9600-C^Δ** **14.99** ea.
 37-41 Same as above, except with outer retainer **78-9600-CK^Δ** **24.99** ea.
 37-41 Same as above, except top quality, like original, with galvanized screen and copper mesh **78-9600-CKTQ^Δ** **29.99** ea.

EXHAUST MANIFOLD AND PARTS

Exhaust Manifold Gaskets

- 32-34 Exhaust manifold gasket, 1-piece design, steel clad, 4 cylinder, Model B **A9433STL^Δ** **6.99** ea.

- 32-34 Manifold gland ring set, 4 cylinder, Model B, steel, 4 pieces **B9440^Δ** **4.99** set
 32-48 Exhaust manifold gasket set, V8, except 60 HP, 8 pieces **18-9433^Δ** **8.99** set

Exhaust Manifold Hardware

- 32-48 Stud nut, brass, 7/16"-20, V8, except 60 HP, 4 cylinder, Model B (4 required) **B9430N^Δ** **5.99** ea.
 32-48 Same as above, except cadmium plated (4 required) **B6064^Δ** **0.99** ea.
 32-34 Washer and nut set, cadmium plated, includes (4) B6064 and (4) B9443, 4 cylinder, Model B **B9430/43^Δ** **16.99** set

- 32-34 Manifold to block stud set, 4 pieces, 4 cylinder, Model B **B9431S^Δ** **11.99** set
 32-34 Same as above, except each (4 required) **B9431^Δ** **2.99** ea.
 37-48 Manifold to pipe stud, V8, except 60 HP (4 required) **88393^Δ** **5.99** ea.
 32-34 Manifold stud washer, 4 cylinder, Model B, heavy, cup shaped, all (4 required) **B9443^Δ** **3.99** ea.

Permatex Anti-Seize Lubricant

A blend of aluminum, copper and graphite lubricants. Perfect for easy removal of spark plugs and cylinder or exhaust head bolts.

- ALL 1 oz. tube **RSP102^Δ** **5.99** ea.

Copper Sealant

Exhaust sealant, 3 oz. tube, hi-temp sealant to seal flange between manifold, pipes and muffler, replaces cork, rubber, silicone, felt and other cut gaskets to form a leak-proof seal, resists oil, grease, water, antifreeze mixture and transmission fluid, more flexible than conventional gaskets, can be used on water pumps, exhaust manifolds, valve covers, timing gear covers, transmission pans, water neck outlets or anywhere a high-performance gasket is needed.

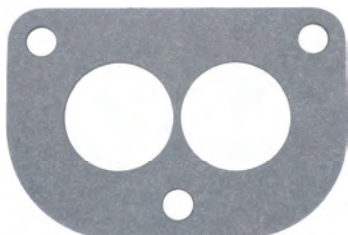

- ALL 3 oz. tube **A5251SEAL^Δ** **8.99** ea.

Intake Manifold Washer Set

32-48 20 pieces **351242-S^Δ** **6.49** set

Carburetor to Intake Manifold Gaskets

33-38 Stromberg, V8 **40-9447-STR^Δ** **2.99** ea.

34-48 Ford and Holley, 2-barrel, V8..... **40-9447^Δ** **2.99** ea.

Carburetor Spacers

These carb insulator spacers are the answer for you if you have been experiencing vapor lock. They are (.232") spacers made of a modern composite sandwiched between two layers of aluminum, which is designed to resist hot temperatures like the ones found in your engine. They are resistant to modern Ethanol based fuel and will keep your carbs cooler.

32-48 3-bolt hole, Holley Ford 94 **9447-SPA-HOLLEY^Δ** **27.99** ea.

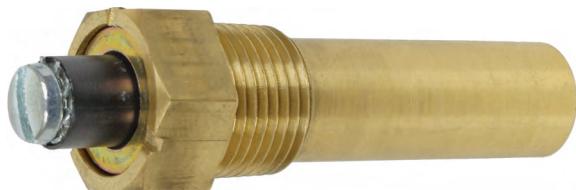

33-38 3-bolt hole, Stromberg **9447-SPA-STROM^Δ** **27.99** ea.

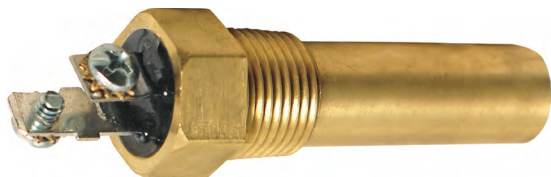

TEMPERATURE GAUGES

Temperature Sending Bulbs and Clip

Your little water temperature sending unit has the vital job of keeping you informed of how things are going inside the critical water jackets of your engine and is your best tool for avoiding a dangerous overheat condition. Be sure that corrosion and age don't keep your sending unit from functioning properly and make sure that all wiring is properly connected and in good condition. Replace that old unit with a fresh new one, for reliability and general peace of mind.

39-48 Single prong, 6-volt, V8 and 6 cylinder, right hand cylinder head **8A-10884^Δ** **49.99** ea.

39-48 Double prong, 6-volt, V8 and 6 cylinder, left hand cylinder head..... **8A-10990^Δ** **49.99** ea.

35-48 Clip for temperature gauge wire and ignition coil wire to spark plug wire conduit, on driver's side (3 required) **48-10882^Δ** **1.99** ea.

Temperature Sender Wires

This wire connects both side temperature sending units.

40-48 13", passenger, 46-48 Mercury, 41-47 pickup, V8 **51A-14432^Δ** **6.99** ea.

1941 5", 6 cylinder, passenger..... **1GA-14432^Δ** **4.99** ea.

Rebuilt Generators

You've got to check out our prices on generators, you won't find a better product at a better price. These guaranteed quality 6-volt rebuilt generators will look great on your engine and deliver years of reliable performance. Made in the USA.

If you don't see the generator you are looking for, please visit our website for the full offering.

A **core fee** applies (unless noted differently) to some rebuilt generators (see Core Information section). Others are a service to rebuild yours. Your core must have a usable pulley (except A10000SN).

Please see parts indicated with ** on the MAC's Early V8 website for complete rebuild details.

PowerGen Alternators

Your friends will be fooled. They'll wonder why your headlights don't dim at idle. Tell them you have a secret. Tell them you stuffed an alternator into your generator housing. Tell them you have PowerGen—90-amps at highway speeds, but most importantly, 60 big amps at idle! This is the new way to go—get the reliability of an alternator, with the classic look of a stock generator.

|-------|--|-----------------------------|------------------|

Voltage Reducers (as required)

Voltage reducers are the perfect answer when you want to keep the original gauges or sending units in your ride. They enable you to use original 6-volt gauges or sending units, while the rest of your vehicle is still 12-volt.

- | | | | |
|-------|--|---------------------------|------------------|
| 32-48 | Reduces 12-volt to 6-volt, wires to ignition switch with 3 color-coded leads, allowing you to keep your dash and gauges looking original, clearly-illustrated diagram included, one reducer operates temperature, oil and fuel gauges..... | V12871^Δ | 34.99 ea. |
| 32-48 | Reduces 12-volt to 6-volt, designed for gauges, 1-amp maximum, comes with detailed instructions, 1 per gauge, actually mounts onto the gauge itself, allowing you to run several in a row, use with negative ground systems only. | V12872^Δ | 18.99 ea. |
| 32-48 | Reduces 12-volt to 6-volt, ceramic, designed for low amperage loads, 4-amp maximum and 2-amp minimum load..... | V12873^Δ | 15.99 ea. |
| 32-48 | Reduces 12-volt to 6-volt, 6-amp, use for higher amperage loads | V12874^Δ | 34.99 ea. |

Starter Solenoids

The starter relay, or solenoid of Ford electrical systems is usually located right in plain sight, at the top of the passenger side of the engine bay. This makes it very convenient for service work. This also makes it the frequent target of judges and Ford admirers who might tend to look into your engine compartment when you have the hood raised at a car show. Like any starter relay, Ford units work hard over many years of start-up sequences, consequently, many of them have finally worn out and had to be replaced. Unfortunately, some of them will have been replaced with universal "fits-all" solenoids that do not look right under the hood of any Ford, much less your favorite Early V8! Worse yet, some of those replacement units are not quality units and might fail at the worst possible time. Our Ford restoration professionals are happy to help you solve the problem, with a brand new reproduction unit with authentic markings and superior components inside. You'll receive a terrific, high quality starter relay that not only looks authentic but will give you years of reliable service.

Deltran Battery Tenders

- Developed to maintain batteries not in constant use or in storage
- Fully automatic
- Perfect for all lead-acid, flooded or sealed maintenance free batteries

- 32-48 Junior, 6-volt @ 1.25 amps **32-876902^A** **34.99** ea.
 32-48 Plus, 12-volt @ 1.25 amps **32-253877^A** **64.99** ea.

Battery Mat

Great protective accessory, absorbs and neutralizes battery acid and vapors.

- ALL 8" x 12", trim to fit **BATMAT^A** **6.49** ea.

Battery Tools

- 32-48 Terminal puller, a handy tool that makes pulling your battery cables off a quick and easy process **TOOL-14300^A** **24.99** ea.
 32-48 Terminal cleaner, for top post batteries, can be used to clean the posts as well as the cable ends, a must have for any well-equipped toolbox **10653-CLNR^A** **13.99** ea.

Permatex Dielectric Tune-up Grease

- ALL Protects electrical connections and wiring from corrosion, use on electrical connections, spark plug boots, light bulbs and battery terminals, .33 oz. **RSP104^A** **6.99** ea.

Battery Protector

Seals terminals, prevents corrosion and cuts current loss. Can use tool # 10653-CLNR, ideal for cleaning top post terminals and cable ends prior to using protectant.

- 32-48 5 oz. spray can * **RSP15^A** **6.99** ea.

Power Inverter and Booster

Our power inverter converts a circuit of 6, 8 or 12-volt positive ground systems to 12-volt negative ground to allow operation of 12-volt negative ground accessories such as car stereos, citizen's band radios, cell phones, etc. The unit is a 1-3/4" cube and comes with a 1-year factory warranty.

- 32-48 High output power inverter, converts 6, 8 or 12-volt positive ground systems to 12-volt negative, 2.1 to 2.5-amps, 1-3/4" cube, with instructions **A10700AH^A** **100.99** ea.
 32-48 High output power booster, boosts 6 or 8-volt negative ground systems to a 12-volt negative, output is 3.7-amps to 5-amps **A10700BH^A** **59.99** ea.

Battery Accessories

- ALL Battery disconnect switch, attach to the battery post, unscrew the knob when you leave the car **A14300C^A** **13.99** ea.
 ALL Battery disconnect switch, installs in frame or floorboards, heavy-duty, good safety item that disconnects electrical current eliminating theft, battery drain and fires **A14300D^A** **24.99** ea.

- ALL Battery disconnect switch mounting bracket, for switch A14300D listed above, powder coated black **A14300DB^A** **8.99** ea.

- ALL Battery washers, for top post or side post battery terminals, prevent corrosion and help improve battery efficiency **C1AZ-10A717-B^A** **3.99** pr.

Battery Cable Grommet and Holder

- 32-34 Battery cable through frame rubber grommet (4 required) **18-14433^A** **4.99** ea.
 35-37 Battery cable holder, with "Ford" script, mounts at transmission under oil sending unit **48-14433^A** **6.99** ea.

Battery Ground Straps

- 32-36 17-5/8" except 35, like original, except no "Ford" script, all 42-48 6 cylinder **40-14301^A** **23.99** ea.
 35-36 11-1/2", like original, except no "Ford" script **48-14301^A** **19.99** ea.
 37-39 9-11/16", like original, except no "Ford" script, passenger, 39 Standard **78-14301^A** **15.99** ea.

Ignition Coils

- 32-48 6-volt, black, 32-34 4 cylinder, Model B **A12000^A** **39.99** ea.

- 32-48 Same as above, except 12-volt **B6A-12029-B^A** **32.99** ea.

- 37-41 6-volt, V8, tall type, "Ford" script, black case **78-12036-A^A** **84.99** ea.

- 37-41 6-volt, V8, tall type, "Ford" script, black case, rebuilt, \$55.00 core fee * **78-12036-RB^A** **127.99** ea.

- 42-48 6-volt, V8, black case, 41-47 6 cylinder "G" **1GA-12024-F^A** **71.99** ea.

***Exchange notes:** Rebuilt ignition coils come without a condenser. They are bench and heat tested. They are the ultimate solution to coil problems. We prefer to rebuild original Ford units. Rebuilt units are sold on an exchange basis. If we do not have your rebuildable and undamaged exchange prior to shipping, a refundable \$55.00 core fee (unless noted otherwise) will be charged and the core we receive back must be IDENTICAL in style to the unit we sent you (i.e. if we send you a Ford script unit, we must have a Ford script unit back). Sorry, no exceptions.

Ignition Coil Part

- 32-48 Coil mounting bracket, for A12000 or B6A-12029-B listed in the previous column **B12000CB^A** **5.99** ea.

- 32-48 Same as above, except chrome **B12000CBCH^A** **14.99** ea.

- 32-34 Ballast resistor, needed when converting Model B to a 12-volt system, allows you to maintain the stock 6-volt coil **A12001^A** **7.99** ea.

- 36-41 Coil brush and spring set, used on 78-12036 coil, V8 **68-12010^A** **4.99** set

- 37-48 Coil terminal nut, brass, passenger and pickup, 37-41 uses 1, 42-48 uses 2 **32-858272^A** **0.99** ea.

Ignition Coil Adapter Kits

- 32-E36 Coil adapter kit, 3 hole style, converts old style coil (18-12024-RB) to late model coil (A12000 or B6A-12029-B), includes gaskets **18-12036-S^A** **55.99** kit

- 37-41 Coil adapter kit, 2 hole style, converts old style coil (18-12024-BRB, 78-12036-A, 78-12036-RB and 78-12036-BRRB) to late-model coil (A12000 or B6A-12029-B), also works on 60 HP, includes gaskets **78-12036-S^A** **42.99** kit

Coil to Distributor Wires

- 1932 23-1/2", high tension, 4 cylinder, Model B, passenger, 32-34 pickup (shown) **B-14302^A** **12.99** ea.

- 33-34 27", 4 cylinder, Model B, passenger **46-14302^A** **15.99** ea.

- 42-47 27", 8 cylinder, low tension, passenger, pickup and truck (shown) **21A-14302^A** **9.99** ea.

- 47-48 11-1/2", 8 cylinder, low tension, passenger, pickup and truck (shown) .. **7RA-14302^A** **7.99** ea.

- 41-47 22", 6 cylinder "G" engine, passenger, pickup and truck **2GA-14302^A** **7.99** ea.

- 47-48 7", 6 cylinder "H" engine, passenger, pickup and truck **7HA-14302^A** **6.99** ea.

Ignition and Coil Tester Kit

- 42-48 Checks for correct coil polarity and presence of spark, comes with instructions, for remote coil 6 or 12-volt systems, negative or positive grounds **A12110^A** **29.99** kit

"C-Spark" Voltage Tester

- 42-48 Tests coil, points and condenser voltage produced, includes instructions, for 6 or 12-volt systems, negative or positive grounds **A12111^A** **19.99** ea.

Rebuilt Distributors

- 32-E36 Rebuilt distributor assembly, includes points, rotor and bails, no caps, coil or condenser, V8, 3 screw dome top coil, \$150.00 core fee* **40-12127-RB^Δ** **159.95** ea.
- 1936 Rebuilt distributor assembly, includes points, rotor and bails, no caps, coil or condenser, V8, 2 screw flat-top coil, \$150.00 core fee* **68-12127-RB^Δ** **163.99** ea.
- 37-41 Rebuilt distributor assembly, includes points, rotor and bails, no caps, coil or condenser, V8, 2 screw coil, \$150.00 core fee* **78-12127-RB^Δ** **159.95** ea.

*Core fees apply. See Core Information section for details. "Rebuildable" definitions: Core charges will not be refunded if any of the following conditions exist or become evident.

- The housings are worn beyond repair, scored, cracked, rusted, or otherwise damaged.
- A non-Ford distributor is sent.
- Any shafts are bent or broken.
- The unit is disassembled.

Ignition Point Sets

- 32-E36 Long arm, 2 screws, V8 **18-12107^Δ** **29.99** set

- 36-48 2 arms, 2 plates, V8, foreign-made **78-12107^Δ** **19.99** set
- 36-48 Same as above, except made in the USA **78-12107-US^Δ** **28.99** set

- 47-48 6 cylinder "H" engine, passenger, 47 pickup and truck **FAA-12171-A^Δ** **8.99** ea.
- 37-40 Screw set, V8 **31037-ST^Δ** **8.99** set

Distributor Gasket Sets

- 32-41 7 pieces, V8 **18-12104-S^Δ** **7.99** set
- 42-48 4 pieces, V8, 41-47 6 cylinder "G" **21A-12104-S^Δ** **6.99** set

The Ignitor[®]

Now available for 1942-1948 Ford Flatheads with front mount distributors are the popular Pertronix Ignitor electronic ignition kits! Never fight with another set of points again! The Ignitor solid-state electronic ignition kit installs quickly and easily under your distributor cap, replacing breaker point ignitions. This system will work with most point-type coils and delivers more voltage to the spark plugs than stock distributors, resulting in increased plug life, horsepower and fuel economy.

4 Cylinder, Model B Distributor Parts

Cap, Two-Piece Original Style (1 in illustration)

32-34 Top cap lid, non script **A12115NS^A** 6.99 ea.

Modern Cap and Wire Set

Model A and B distributor cap and wire set. Includes cap, wires, spark plug nuts and instructions. Fits right onto your distributor casting, eliminates old style spark plug wire strips.

32-34 Fits like the original **A12105M^A** 56.99 set

Cap, One-Piece Modern Style

32-34 For use with round insulated plug wires, part of A12105M **A12105MC^A** 15.99 ea.

Body (2 in illustration)

32-34 Winged cap body, non script, with brass contacts **A12105BR^A** 24.99 ea.

Rotor (3 in illustration)

32-34 For distributor **B12200^A** 6.99 ea.

Cam Special Screw and Washer Set (4 in illustration)

Holds the distributor cam to the distributor shaft.

32-34 Screw and washer set **B12211/13^A** 1.99 set

32-34 Same as above, except hole has been drilled into screw **B12211/13M^A** 2.49 set

Cam (5 in illustration)

Creates a hotter spark, prolonging plug life.

32-34 High precision, top quality **A12210^A** 14.99 ea.

ALL Cam lube, made with silicone, 7/8 oz **A12210L^A** 7.99 ea.

32-34 Cam wrench, holds cam when adjusting cam screw **A12213^A** 2.99 ea.

32-34 Distributor cam wrench with Z bend, easier to use than A12213, you don't need to remove the distributor body when using this wrench **A12213Z^A** 4.99 ea.

Ignition Point Set (version of 6 in illustration)

32-34 Original style **B-12199^A** 26.99 ea.

Bushing (2 required) (7 in illustration)

For distributor shaft bearing, press into the distributor housing, should be reamed .500" before installing the distributor shaft.

32-34 Bronze, 5/8" long **A12132^A** 2.49 ea.

Cap Clamps and Rivet Set (8 and 9 in illustration)

32-34 2 clamps and 2 rivets **B12144S^A** 7.99 set

Clamp Rivet Only (9 in illustration)

Holds distributor clamps to the distributor.

32-34 Nickel plated **A12145^A** 0.99 pr.

Base Oiler (10 in illustration)

32-34 Twist type, original nickel plated **B12135T^A** 6.99 ea.

Condenser (version of 11 in illustration)

32-34 Condenser **B-12300^A** 14.99 ea.

Shaft Sleeve and Pin Set (12 in illustration)

Sleeve (A12195) for distributor shaft attaches at the bottom of the upper shaft with a pin (B12196). Sleeve and pin listed separately below.

32-34 2 pieces **A12195S^A** 5.99 set

Sleeve for Distributor Shaft (13 in illustration)

32-34 Sleeve **A12195^A** 3.99 ea.

Shaft Pin (14 in illustration)

32-34 Holds the sleeve on the upper shaft **B12196^A** 0.99 ea.

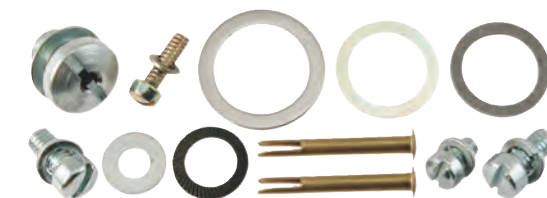

Lower Shafts

Extends from the oil pump drive gear to the upper shaft.

32-34 Made in the USA **B12249^A** 5.99 ea.

32-34 Stainless steel, improved version not prone to corrosion or pitting **B12249SS^A** 39.99 ea.

Turn Signal Switch Kits

Go "High Tech" with this new turn signal switch kit from MAC's. Unlike traditional add-on systems, this fantastic kit features a tiny brain box that is approximately 3" x 4" x 1". Instead of mounting onto your steering column, it hides neatly out of sight under the dash or behind a kick panel, where it is held in place by strong 3M Velcro strips. A small wire attaches to the gear shift lever, where a tiny toggle switch is within easy reach of your hand on the shifter ball. You can signal a turn, or cancel it without ever removing your hand from the shifter! Made in the USA with modern diodes, relays and a printed circuit. This system is small, convenient and reliable.

**Made in the USA with 19-gauge, die-stamped, one-piece steel as original and are wire beaded and serrated. Most mounting holes drilled. Like any new steel body part, some fitting might be required. This is true when aligning with other reproduction sheet metal, or even 75-year-old used Ford parts.*

Spare Tire Side Mount Fender Well

Side mounts have always been a very popular option for collectors since the earliest days of the hobby. At the Ford factory, when only one side mount spare tire was used, it was normally placed on the driver's side. Cars with dual side mounts were uncommon and eventually became desirable for collectors. This both drove up the price and made them a rare find. MAC's is proud to offer our steel fender well for easy installation into your steel front fenders, left or right. Now restorers often opt for the classic look of dual side mounted spare tires.

Fender Welting

If you are totally restoring your car, or simply doing a repaint, the job is not quite complete without the highly visible fender welting. This finishing touch, now available in original black or chrome-like appearance, not only looks great, but protects the vulnerable fender-to-body seam from dirt and corrosion. 25' roll, enough for one car, 3/16" bead.

Old-Style Door Edge Mirror

This type of mirror style was a very common aftermarket accessory on '50s and prior vehicles, and still looks great today. It clamps on so you can move it, or remove it as you desire. The mirror is crystal clear glass for the best visibility. It can be used on either side, so order two for the maximum in style and function. The head is durable stainless steel, and the arm matches with gleaming chrome. It even comes with the necessary hardware to mount it.

- 32-48 Stainless steel, 4" diameter **32-374658^Δ** **22.99**

Bumpers and Parts

After the paint has been buffed and the interior installed, the crowning touch to your V8 restoration is a pair of gleaming, top-quality bumpers. Whether you select the triple-chrome plated or the polished stainless steel, a set of MAC's bumpers will make your vehicle stand out in the crowd.

Bumpers do not include bumper guards. It is always important to keep your bumpers clean and waxed.

Because of the size of bumpers, additional shipping charges will be incurred. See item for specific sizes.

Firewall Insulators, Top Quality One-Piece Design

This early Ford firewall insulator panel is your first line of defense to stop engine noise and heat from entering the passenger cabin. Molded ABS plastic with "chicken track" texture to fit the engine setback and firewall contours, it is a faithful reproduction of the original insulator panel.

Installation

uses stock mounting holes and includes insulation. Also available without holes (on 1937-39 models the battery box is a separate piece like original).

OS Because of the size of these firewall insulators, additional shipping charges will be incurred (see item for specific size).

Firewall Insulation

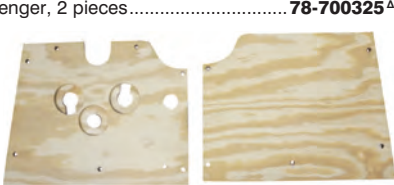

A well insulated firewall, transmission tunnel and floor pans are a must for any restoration or street rod. This insulation is a jute padding material with a space-age reflective foil bonded on both sides reflecting sources of heat. Rated R18.3 (700° F heat resistance). Can also be used in kick panels, rumble seat panels, inside door panels, under carpeting and an unlimited number of other non-automotive related uses.

Windshield Frame to Body Rubber Seals

These windshield seals are precisely manufactured to fit as original and provide a weather-proof installation.

All windshield rubber seals are bonded 1-piece type unless noted as being "not bonded." This assures no leaky seams. On 1932-39 closed cars and 1932-36 open cars, the seal fits into the windshield frame and seals it to the body. It does not seal the glass into the frame. Use glass bedding tape (A45963X listed here) for setting and sealing glass into the frame.

Panel adhesives have received a lot of attention in the last few years.

Research indicates that use of panel adhesives on any of our metal products is not recommended. We do recommend mig welding for proper installation. See your local welder supplier for details.

MAC's is a leading distributor of top quality, exact reproductions of the original pickup beds and bed parts.

The unassembled and assembled pickup beds below include stake pockets. Please advise us when ordering if you want the stake pocket holes "punched out." Also, you must advise us at time of order if you want a stock steel floor or an oak wooden bed floor, and which bed style you prefer, hooks and chains bedstyle or hidden latch bedstyle. There is a \$100.00 crating fee for unassembled and assembled pickup beds.

All of the assembled and unassembled pickup beds are crated and shipped from the factory by truck, with shipping charges COD. Charges range from \$200.00 to \$600.00. Beds picked up at the store will be charged for shipping from the factory. They also have a \$100.00 crating fee.

Custom Floor Wood and Strip Kits

US Because of the size of these floor wood and strip kits, additional shipping charges will be incurred (see item for specific size). Wood floor kits will average \$80.00 to \$100.00 for shipping because of weight.

All 1932-47 Fords came with a steel bed floor (V78025A—21C-8311218-M listed on the previous page). However, we offer an alternative kit, which has 3/4" red oak wood and metal strips. These kits include special spacers, bolts and brackets which make it appear to be factory original. These strips come without mounting holes, but can be drilled and cut to length. We offer the floor wood with steel strips and bolts, as well as stainless steel strips and bolts.

Bed Sides Only

 These steel bed sides are crated and shipped from the factory by truck, with shipping charged at the time of purchase. Charges typically range from \$200.00 to \$375.00. Beds picked up at store will be charged for shipping from the factory. They also have a \$125.00 crating fee.

The sides do not include stake pockets. Please advise when ordering if you would like holes pre-punched for stake pockets.

CARPETED FLOOR MATS

Carpeted Floor Mats

These top-quality floor mats do not come pre-cut for pedals, but are a beautiful accessory. The grip-lock non-skid backing keeps them from sliding around on your floor. Available with or without embroidered logo. Logo mats are NOT returnable. The logo will appear on the floor mats only and will be located in the heel area of the mat

Please specify your color choice and if you want a logo, tell us that number too!

Seat Belts (2 required)

If you haven't already installed seat belts in your V8, we highly recommend it. Our universal-style seat belts feature a chrome lift latch and are available in 14 colors to match almost any interior. To see the colors, please visit our website.

Sold per passenger, each belt includes washers, bolts and nuts to install. The 60" size is the standard, for a little extra breathing room, order the 74" length.

These seat belts do not include instructions on where and how to mount. Proper installation is at the risk and responsibility of the customer.

Seat Belt Winders and Retractors

Want an easy way to keep your belts from falling out of the car and onto the ground, or getting tangled up in your legs? Simply clip on one of our winders or retractors and your problem is solved. The next time you unbuckle your seat belt, the roller will take care of getting it out of the way neatly and quickly. These are a great solution to a common problem. Great for the back seat too!

CONSOLES

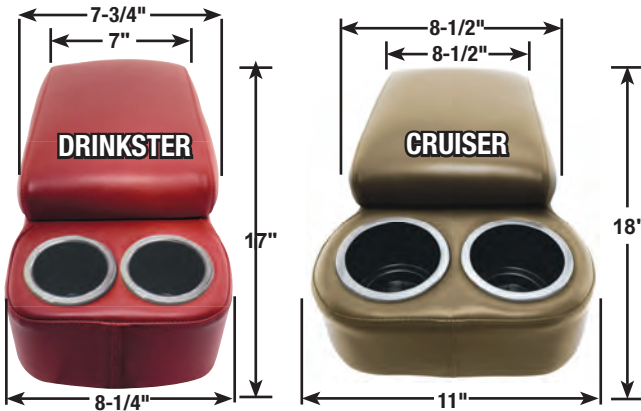

BC Seat Cruiser Console and BD Drinkster

A common problem in trucks is there is no place to put your "stuff". Presented here are two very nice solutions, the BC Seat Cruiser and the BD Drinkster. Both have a generous storage compartment that will hold maps, cell phones and your sunglasses. Each has two built-in chrome edged cup holders for your favorite beverages. The BD Drinkster is slightly smaller for the earlier cabs that are narrower, see the dimensions in our illustration.

Car Covers, Poly-Cotton

Poly-cotton covers are made of a 65-35 poly-cotton blend. The soft cotton inside won't hurt the most delicate lacquer paint job. The exterior is treated for optimum protection and water repellency. This design allows a cover to "breathe." All covers have special built-in elastic tensioners to ensure a snug fit. Not recommended for outdoor use. They are machine washable. Covers weigh from 12 to 16 pounds depending upon-style.

MAC's is proud to offer a complete selection of car covers for your Early V8 car or pickup. It doesn't matter whether you have a sun visor, mirrors, side mount spare tire, or trunk, the car cover is sure to fit because it has been made for your specific vehicle. We encourage you to visit our website and see for yourself the many different options available, including our car covers with logo. The logos available are seen at the bottom of this page.

Note: If ordering using one of the part numbers in this catalog please specify if you have a spare tire, and its/their position(s).

All glass is clear, 1/4" thick, AS1 safety glass. This modern safety glass works very well and presents no fitting or installation problems. Your glass will be shipped in special boxes that ensure safe delivery. Most shipments will be made within 14-28 working days of the receipt of your order. Because of the risk of damage in shipment, MAC's will not ship glass out of the contiguous United States.

Always specify the exact year and body-style of your car.

The following codes are used below to describe the glass:

W = windshield, **D** = door glass, **Q** = quarter glass, **B** = back glass, **V** = vent glass (where "**DD**" appears it indicates 2-door windows, "**QQ**" indicates 2 quarter windows, etc.) 41-48 curved rear window glass is not available.

From 1932-37, all cars were "Standard" models, although most were offered as "Deluxe" models. Deluxe models had added trim and upholstery options, including cowl lamps and dual tail lights. Starting in 1938, "Standard" and "Deluxe" became separate and distinct lines.

*Beginning in 1941, the line expanded to "Special" (6 cylinder), "Deluxe" (formerly Standard) and "Super Deluxe" (formerly Deluxe).

† Sedan and Club Coupes have a back seat; Standard and Business Coupes do not.

COMMERCIAL VEHICLE DEFINITIONS

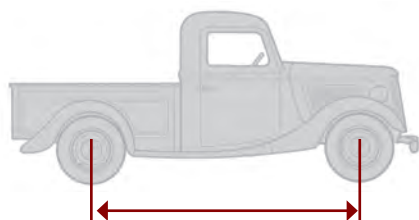

1/2 TON

The following terms are used throughout this catalog to indicate the pickup truck body:

- "Pickup" (1932–47)
- "Commercial" (1932–41)
- "Light Truck" (1942–47)
- 1932: All models have a 106" wheelbase
- 1933–41: All models have a 112" wheelbase
- 1942–47: All models have a 114" wheelbase

GREATER THAN 1/2 TON

The following terms are used throughout this catalog to indicate a variety of body styles, including stake, flatbed and dump truck amongst others:

The distance between the centerline of the front wheel and the rear wheel is the "wheelbase."

- "Truck" (1932–37) 1-1/2 ton rated load capacity
- "Truck" (1938) 1 or 1-1/2 ton rated load capacity
- "3/4 Truck" and "1 ton truck" (1939–47) 3/4 or 1 ton rated load capacity
- "C.O.E." (1938–47) refers to the design where the cab is over the engine; all have a 1-1/2 ton rated load carrying capacity
- 1932–37: All models have a 131.5" or 157" wheelbase
- 1938: All models have a 122", 134" or 157" wheelbase "C.O.E." models have either a 101", 134" or a 158" wheelbase
- 1939–47: All "3/4 Truck" and "1 ton truck" models have a 122" wheelbase
- 1939–42: All "1-1/2 ton Truck" models either have a 134" or a 158" wheelbase "C.O.E." models have either a 101", 134" or a 158" wheelbase
- 1944: All "1-1/2 ton Truck" models have a 158" wheelbase
- 1945: All "1-1/2 ton Truck" models have either a 134" or a 158" wheelbase
- 1946–47: All "C.O.E." models have a 101", 134" or a 158" wheelbase

VIN INFORMATION

EARLY V8 VIN INFO (Below are general guidelines. We also refer many people to the various Early V8 Websites listed in the front of the catalog for more information.)

Unlike Fords made in the later 1950s and '60s, there was little or no build/option information available found by reading the vehicle's serial number. Once again, the frame serial number might no longer correspond to the engine/transmission number because of drivetrain upgrades during the past 60 years.

- Serial numbers for Early V8 Fords (1932–48) are usually located on top of the left hand frame rail, near the front cross-member, with an additional stamping further back on the same side. Usually starting with a two-digit prefix, a star was stamped before and after the serial number to discourage adding digits.
- For decoding body/model number prefixes to determine the year of a passenger car, refer to the chart found on page 354.
- The body number tag was typically mounted on the firewall, inside the engine compartment on the left hand driver's side. The last series of digits in the number indicate the sequence of production.
- Lastly, Ford also stamped the serial number on the top center area of the transmission bell housing. This is visible when the floorboard/transmission cover plate is removed from the interior.

Lowest Price Guarantee

Eckler's Guarantee is simple: You always get the best quality parts at the lowest price! Show us the identical item advertised in any current magazine, catalog, or website and we'll match our competitor's current price, guaranteed! This offer is available only at the time of purchase and applies to in-stock merchandise only. We can't combine this with any other offer. Tires, restoration services, kits, window glass, cores, reproduction batteries, certain engines, transmissions, used parts, special order parts, and shipping and handling charges are excluded.

Find the Latest Prices on our Website

Prices in this catalog were correct at the time of printing but are subject to change. Visit MacsAutoParts.com for the latest up-to-the-minute pricing as well as hundreds of items not appearing in this catalog. Eckler's is not responsible for pricing changes, errors, or omissions in this catalog or online. Prices are subject to change without notice.

100% Satisfaction Guaranteed

Our commitment to you: If for any reason you are not 100% satisfied with any of our products, return them for a full refund, credit or exchange—your choice.

Best Parts, Best Price

This is not just a slogan! Eckler's is committed to providing the highest quality parts at the most competitive prices. We source and select all of our parts exclusively from the world's leading brand name manufacturers using our massive buying power. This means you get the best there is, at the best prices in the market today.

Shipping and Handling

Check MacsAutoParts.com for current shipping and handling estimates. In the catalog, **Δ** denotes items that ship via truck, and **LS** denotes oversized dimensions or weight, which incur additional charges.

Gift Certificates

Perfect for when you just can't decide. Available in many different amounts from \$25 right up through \$1,000. Redeemable for any items we sell.

Need it Fast?

Have your order delivered within 1 or 2 business days by using Express Shipping! Express Shipping is limited to in-stock, non-oversized items weighing less than 20 pounds. Orders must be placed Monday-Friday before 1:00 p.m. EST. Please contact our sales team for rates.

Same-Day Processing

Standard U.S. order processing time for in-stock items is 24 hours. If you need your order processed the same day, call us Monday-Friday before 1:00 p.m. EST and request same-day processing. For a small charge we'll provide special processing of all in-stock parts the same day.

Limited Warranty

Eckler's will not be responsible for any damage or loss caused by delays, failures, consequential damage, labor, transportation, or any other charges incurred in the replacement or repair of a defective item. Eckler's is not responsible for any consequences resulting from the installation of any parts.
