Eckler's Nova presents a new premium line of interior products for your Chevy II and Nova!

The team at Legendary Automotive Interiors has been developing and working with the automotive aftermarket bringing the past and future together for over 28 years. If you are looking for the most authentic original style interior available, we carry it right here! Eckler's Nova, now teaming with Legendary, is your final destination for quality parts and a great buying experience.

Legendary's hand craftsmanship combined with modern production techniques yield the highest quality interior soft trim products available. Legendary provides the most extensive range of premium quality interior products for your Nova!

Concours Quality Seat Covers

- Best quality reproduction seat covers by Legendary Auto Interiors

These premium quality seat covers from Legendary Auto Interiors feature as-original Madrid grain inserts and skirts with Madrid grain accent bands (where applicable), or factory correct Houndstooth or Comfortweave vinyl (where applicable). Do not settle for merely "good" when you can get the best available in these Legendary seat upholstery sets.

Concours Quality Seat Upholstery

Rebuilt Turbo Hydra-Matic Automatic Transmission with Torque Converter

- Custom rebuilt for performance street vehicles
- All new clutches, bands, friction plates, bushings and thrust washers
- Rebuilt pump and recalibrated valve body
- New 1400 RPM stall torque converter
- 1 year/12,000 mile warranty

This transmission has been rebuilt with street vehicles in mind and includes all new bands, friction plate, bushing and thrust washers. This transmission also includes a 1400 RPM stall torque converter to get the best out of engines up to 350 horse power.

Traction Bars

CPP's Traction Bars are constructed from 1-inch 0.156-wall 4130 (same as our Pro Touring sway bar), with 3/16-inch laser-cut, bent-steel mounts and self-lubricating plastic D-type bushings (same as used in our control arms) and 3/4-inch rod ends. The front mount features additional ground clearance and a forward-slanted approach angle; this makes it safer, if in the event it does hit something, the angled approach will act as a skid plate and help lift the car over the obstacle. The portion of the linkage that contacts the spring is a wider flat surface; this reduces the stress on the top of the leaf spring. The pivot positions are relocated to optimize weight transfer while reducing the spring load.

Totally Tubular Upper Control Arms

- Stronger than the factory control arms
- Improved suspension geometry
- Provides additional built in positive caster which improves your handling ability
- Complete factory replacements with no modifications required to install
- Ball joints included

Upper control arms have a helical stamped coil mount with an integral shock mount. The lower shock mount is incorporated into the stamped coil plate. The upper control arms are preassembled on new billet chromolly 4130 cross shafts and pivot sleeves. CPP created a safety feature with an interlocking shaft and sleeve design that prevents the bolts from working loose even under severe stress created by hard cornering. The CPP exclusive pivot bushings are a patented self lubricating plastic that will not squeak, and have a working temperature of over 400 degrees. These plastic bushings refused to break during impact testing and can absorb high shocks loads that would otherwise be transferred through the chassis.

Tall Upper Ball Joints

- 0.50" Taller upper ball joints for improved negative camber curve
- Dramatically improved handling
- Press-in to stock control arms - no modifications required

Tall ball joints are one of the hottest trends in the aftermarket, and for a good reason. They correct fundamental deficiencies in the original suspension that cause poor handling - specifically, they improve the negative camber curve and stabilize the roll center. These high quality performance ball joints are laboratory tested and then proven in the real world, this ball joint features an improved design over the competition for increased longevity and durability, even in the most demanding conditions. They are rigorously checked for material hardness, pullout strength, roundness, and fit tolerances. Anything else is a compromise.

“Improved Handling” Tall Outer Tie Rod End

- Significantly reduces bumpsteer
- Works with both stock and tall ball joints
- Compatible with any aftermarket or stock control arm
- Bolt-in, no modification required!
- Sold as each (photo shows pair)

Bump steer occurs when the car travels over a bump or around a turn. In the simplest terms, bump steer is when the vehicle turns itself without any input from the driver.

If you've ever had the steering wheel jerk in an unintended direction, you've experienced it. Now you can fix this problem with these high quality performance outer tie rod ends. These are 0.5" Taller and significantly reduce bumpsteer on your Nova! Bolt-in with no modification required.

Radiator Support Bushing Kit

- Reproduction of original

The subframe bushings are essential when rebuilding your 1968-74 Chevy II/ Nova front end. One of the fastest areas to wear out is the radiator support bushings. This kit includes all the correct bushings and heat treated bolts and washers to completely remount the radiator support.

68-74 **85-299427^Δ** **26.99** kit

OEM-Style Subframe Mounting Kits

- Reproduction of original

Replacing the original bushings with rubber reproductions is a sure-fire way of maintaining originality and mounting the subframe exactly the way the factory intended. Each pre-packaged kit contains all shouldered rubber bushings and biscuits including the radiator support bushings. Each body mount is produced using correct compression molded S.B.R. with steel sleeve inserts where required.

Subframe Body Plate Set

- Replace rusted-out or damaged subframe to body mounting points
- Heavy die-stamped steel plates
- Replacement metal for all three mounting points
- Welding is required

A complete kit of subframe mounting plates will take care of the rusted out crucial areas where the subframe bushings mount on your Chevy II or Nova. After years of abuse, the plates may become damaged beyond repair. You certainly don't want to replace the subframe bushings on your Nova or Chevy II without checking the plates. These new plates will secure the subframe and add stability to the original frame. Includes the rear subframe plates, under-firewall frame plates and the core support plates.

68-74 6-piece Set.....**85-299518^Δ** **40.99** set

NOTE: The original plates must be cut out of the original subframe and butt-welded flush (not on top of the old mount) to keep the proper subframe geometry.

Front Gas Shock Absorbers

- Gas pressured
- Top pin, bottom fork orientation
- Monotube design

For the performance-minded driver, Bilstein shocks deliver absolute mastery of the road surface. Bilsteins instantaneously self-adjust to changing road surfaces. Performance does not diminish with age, use or heat - requiring no compensating manual adjustments. They feature larger pistons for faster rebound and longer life. Cannot be shipped by air.

Rear Leaf Springs

- High quality replacements
- High alloy spring steel
- Non-original 3-leaf design
- Requires modification to spring perch
- Spring rate: 95 lb.
- Shot peened for durability
- Sold individually, two required per vehicle

NOTE: All bolts at the spring mounting points should be left finger tight until all the weight of the car is put on the springs (i.e. rear end supported by jack stands). Then, proper torque should be applied to all points (torque specs available in the factory assembly manual). Failure to follow this procedure could result in one side of the car sitting lower than the other. Also, installing springs in a car under restoration can result in the body sitting 4-6" off of the rear tires. This should settle when items such as the interior and fuel tank are installed. If you are still having issues after double checking your installation, please call for additional support.

Single Exhaust System for 4 and 6-Cylinder, Aluminum

This is a custom ordered item, please select the following options carefully when ordering.

- Year and model: 1962, 1963, 1964, 1965, 1966, 1967
- Body style: 2-door coupe, 2-door hardtop, 2-door wagon, 4-door sedan or hardtop, 4-door wagon, convertible
- Transmission type: Automatic, Manual
- Air conditioning: Yes, No
- Engine: 4-cylinder, 6-cylinder
- Muffler brand: OE Type (stock sound), Performance (aggressive sound)

62-67  **85-298288^A** **374.99** kit

Aluminized Dual Exhaust System for V8

This is a custom ordered item, please select the following options carefully when ordering.

- Year: 1965, 1966, 1967
- Body style: 2 door coupe, 2 door hardtop, 2 door wagon, 4 door sedan or hardtop, 4 door wagon, convertible
- Transmission type: automatic, manual
- Air conditioning: Yes, No
- Engine: V8
- Muffler brand: OE Type (stock sound), Performance (aggressive sound)

65-67  **85-298381^A** **653.99** kit

Aluminized Cat-back Single Exhaust System for 6-Cylinder or V8

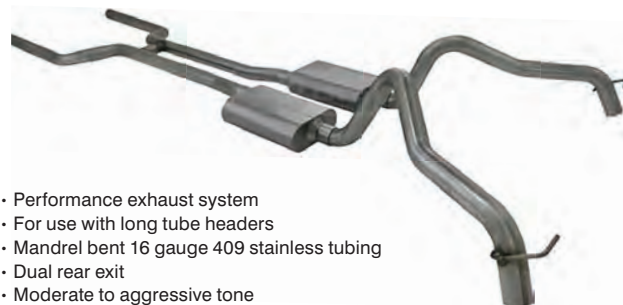

This is a custom ordered item, please select the following options carefully when ordering.

- Year and model: 1975-79
- Body style: 2 door coupe, 2 door hardtop, 2 door Sedan, 4 door sedan
- Transmission type: Automatic, Manual
- Air conditioning: Yes, No
- Engine: 6-cylinder, V8
- Muffler brand: OE Type (stock sound), Performance (aggressive sound)

76-79 **85-298393^A** **421.99** kit

Flowmaster American Thunder Dual Exhaust System

- Performance exhaust system
- For use with long tube headers
- Mandrel bent 16 gauge 409 stainless tubing
- Dual rear exit
- Moderate to aggressive tone
- Dyno tuned for maximum performance

68-74 2.5" diameter  **85-355427^A** **624.99** kit

Pypes Race Pro 2.5" Dual Exhaust System

- Aggressive and powerful exterior exhaust tone
- 16 gauge mandrel bent 409 stainless steel
- 2.5" diameter pipes split dual rear exit
- Supplied with Race Pro cross flow mufflers
- Muffler clamps and hangers included
- Tips available separately

68-74 Natural finish, 2.5" Diameter  **85-373800^A** **602.99** kit

Pypes Race Pro Crossmember-Back Dual Exhaust with X-Pipe and Crossflow Mufflers

- Aggressive and powerful exterior exhaust tone
- 16 Gauge mandrel bent 304 stainless steel
- Split dual rear exit
- Supplied with Race Pro cross flow mufflers
- Muffler clamps and hangers included
- Tips available separately

68-74 Polished, 2.5" diameter  **85-373801^A** **799.99** kit

Pypes Crossmember-Back Dual Exhaust with Street Pro Mufflers

- Aggressive and powerful exterior exhaust tone
- 16 Gauge mandrel bent 409 stainless steel
- Split dual rear exit
- Supplied with Street Pro mufflers
- Muffler clamps and hangers included

68-74 Natural finish, 2.5" diameter **85-373735^Δ** **502.99** kit

Pypes 3" Crossmember-Back Dual Exhaust

- Aggressive and powerful exterior exhaust tone
- 16 gauge mandrel bent 409 stainless steel
- Natural finish
- Split dual rear exit
- Supplied with street pro mufflers
- Muffler clamps and hangers included

 62-79 2", cradle style **85-342995^Δ** **9.99** ea.

Pypes Hockey Stick Exhaust Tips

- Polished 304 stainless steel
- Inlet enlarged to slide over 2.5" Tailpipe
- End cut on 45 degree angle

62-79 2.5" Diameter **85-373814^Δ** **99.99** pr.
 62-79 3" Diameter **85-373820^Δ** **99.99** pr.

Exhaust Manifold to Headpipe Extensions

67-70 Small block 2" **85-295109^Δ** **8.99** ea.
 67-70 Big block 2" 1/4 **85-295110^Δ** **13.49** ea.

Exhaust Manifold Heat Stoves

- Pipe from breather connects into heat stove
- Nova applications:
 1969 with TH350 and powerglide transmission
 1970 307 and 350 engine
 1971 all except 454 engine
 1972 all except 402, 454 engine fits right side exhaust manifold
 1973-75 all except 454 engine
 1976 305, 350 and 400 engine

69-76 Upper **85-299674^Δ** **8.99** ea.
 69-76 Lower **85-299658^Δ** **19.99** ea.

Small or Big Block Exhaust Manifold Stud Set

- Fits small block and big block engines
- Kit includes (3) long, (3) short s/s studs and (6) steel crimp nuts

62-78 Stainless steel **85-344054^Δ** **24.99** set

Exhaust Manifold Steel Stud Set

- Good quality reproduction
- Functional OEM steel studs
- Mild steel nuts
- Fits big blocks or small blocks

67-78 **85-183443^Δ** **16.99** set

Exhaust Manifold Heat Riser Assemblies

- Correct original factory appearance

Did you know that a faulty heat riser could be causing your Nova to not run like it should? Heat risers can crack or even get rusted shut over time. Replace your old rusty worn out heat riser with this stock replacement. This heat riser assembly is manufactured by GM or by one of its authorized suppliers for use as a factory replacement part.

67-74 Big block **85-293404^Δ** **61.99** ea.
 67-74 Small block **85-293070^Δ** **63.99** ea.

Insulating Exhaust Wrap

- Reduces under-hood temperatures up to 70%
- Increases horsepower and fuel efficiency
- Withstands heat up to 2000 degrees

62-79 **85-253983^Δ** **51.99** rl.

Calyx Exhaust Manifold Dressing

To keep your cast iron exhaust manifolds looking concours perfect, use Calyx Manifold Dressing. It applies with a flannel cloth and polishes to a silver shine in seconds.

62-79 **85-253839^Δ** **15.99** ea.

FUEL SYSTEM

visit Ecklers.com for our entire selection of Nova Fuel System parts and accessories

Fuel Tanks

- For use with gasoline containing up to 20% ethanol (E20)
- Dimensions: 38" x 19-3/8" x 7-3/8"
- 16-gallon capacity with dull finish
- Quality reproduction tank
- Filler neck included
- Corrosion resistant
- 100% Tested

70 w/o evaporation emission control **US**..... **85-350701^A** **175.99** ea.
 70 w/evaporation emission control **US**..... **85-350704^A** **73.99** ea.

Fuel Tank with Filler Neck

- High quality reproduction
- Ni-tern steel coated to prevent rust
- Includes filler neck
- For cars without evaporative emissions control

What is EEC? EEC is an acronym for Evaporation Emission Control. It usually appears as a second and third vent port at the front of the gas tank. These ports act as a return line from the charcoal canister, fuel pump and vapor separator. EEC usually appeared on vehicles produced for sale in California and other emissions control states.

68-69 **US**..... **85-292163^A** **73.99** ea.
 71-72 **US**..... **85-292183^A** **159.99** ea.
 73-79 Without neck **US**..... **85-149380^A** **55.99** ea.

Fuel Tank with Filler Neck

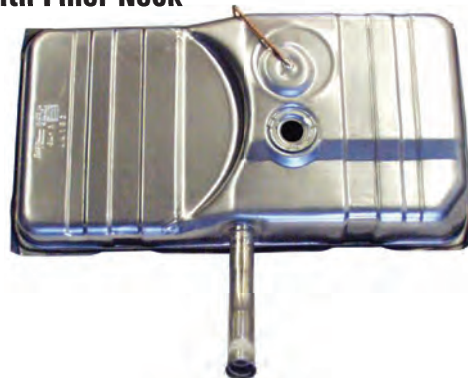

- Ni-tern steel coated to prevent rust
- Includes filler neck
- For cars without EEC

73-74 **US**..... **85-292191^A** **159.99** ea.

Fuel Tank with Filler Neck

- Factory style reproduction
- Dull finish

75-79 **US**..... **85-292166^A** **139.99** ea.

Fuel Tank without Filler Pipe

- Restoration correct
- Galvanized steel construction
- Does not include filler neck
- Will fit 1962-63 passenger wagons
- Will not fit any 9 passenger wagons
- Will not fit 1964-67 passenger wagons

62-67 **US**..... **85-292165^A** **50.99** ea.

Fuel Tank without Filler Neck

- 21 gallon capacity
- Tin construction like original
- Includes sending unit locking ring and seal

73-79 **US**..... **85-292167^A** **63.99** ea.

Fuel Tank Strap Mounting Bolt Set

- 10-Piece set

67-69 **85-298942^A** **6.99** set

Fuel Tank Mounting Straps

- Restoration correct
- Correct length and bends
- Does not include bolts and hardware set
- One set required per car

Galvanized Finish

- Correct galvanized finish
- 62-67 **85-295664^Δ** **32.99** pr.

- 68-72 **85-295692^Δ** **21.99** pr.

COOLING SYSTEM

visit Ecklers.com for our entire selection of Nova Cooling parts and accessories

Your Nova or Chevy II can get really hot...

Bumper to bumper traffic, blistering summer days, and daily driving can add up. Factory installed copper and brass radiators were barely satisfactory at transferring heat, which is why they would overheat sometimes. Why take chances with your valuable engine? Champion Aluminum Radiators from Eckler's Nova provide outstanding performance at an exceptional value. Aluminum is far superior to the original copper

and brass because it dissipates heat and cools down much more quickly. That means better protection for your investment. Champion's aluminum radiator is 50-75% lighter than your factory copper and brass radiator unit and cools up to 40% better.

Champion
Cooling Systems

- All aluminum construction
- Includes 16 lb radiator cap and transmission cooler

Two Row Aluminum Radiator

- Core size 16.75" x 21.25" x 1.75"
- Two rows of .75" tubes, cools up to 350 horsepower
- Total size: 19" tall including cap x 27" wide
- Saddle-mount design
- 1.5" passenger side outlet
- 1.5" driver side inlet
- 2.75" thick tanks

69-79 **US**..... **85-346711** ^Δ **202.99** ea.

Two Row Aluminum Radiator

- Core size 16.75" x 26.25" x 1.75"
- Designed for V6 and V8 applications
- Two rows of .75" tubes, cools up to 525 horsepower
- Total size: 19" including cap x 31.56" wide
- 1.56" passenger side outlet
- 1.5" driver side inlet
- 2.75" thick tanks

75-79 **US**..... **85-346636** ^Δ **211.99** ea.

Two Row Aluminum Radiator for V8

- Core size 15.25" x 22" x 1.75"
- Designed for V8 applications
- Two rows of .75" tubes, cools up to 350 horsepower
- Total size: 21.25" tall including cap x 25.5" wide including brackets
- 1.75" passenger side outlet
- 1.5" driver side inlet
- 2.75" thick tanks

66-67 **US**..... **85-346709** ^Δ **202.99** ea.

Three Row Aluminum Radiator for 6-Cylinder

- Core size 14.13" x 18.13" x 2"
- Overall 22.13" tall x 24.5" wide including brackets
- Cools up to 400 horsepower!
- Three rows of .63" tubes
- 1.75" Passenger side outlet
- 1.25" Driver side inlet
- 3" Thick tanks

62-65 **US**..... **85-346496** ^Δ **206.99** ea.

Three Row Aluminum Radiator

- Core size 26.25" x 16.75" x 2"
- Overall size 31" wide x 19" tall including cap
- Cools up to 750 horsepower!
- Three rows of .63" tubes
- 1.56" Passenger side outlet
- 1.5" Driver side inlet
- 3" Thick tanks

75-79 **US**..... **85-346347** ^Δ **260.99** ea.

Three Row Aluminum Radiator for V8

- Core size 14.13" x 18.13" x 2"
- Overall size 18.75" tall including cap x 29" high x 2.5" thick
- Cools up to 500 horsepower!
- Three rows of .63" tubes
- 1.5" Passenger side outlet
- 1.5" Driver side inlet
- 2.5" Thick tanks

73-74 **US**..... **85-346511** ^Δ **260.99** ea.

Direct-Fit Aluminum Radiators

- Upgrade from brass/copper
- Modern 1" aluminum core
- Correct appearance tanks
- Factory fit
- Used for small block with big block cooling
- For automatic or manual transmission equipped car

Flex-a-Lite 500 CFM Dual Electric Fan Kit

- Draws 14-22 amps

The Flex-a-Lite dual electric radiator fan system is the most powerful system on the market today. It pulls 2500 CFM and totally eliminates the need for the stock fan and shroud. The dual 12" fan assembly fits compactly in a shroud area and measures only 2-5/8" in depth, 26-1/4" across, and 15-1/2" high. With these measurements, it will fit almost all Novas (please measure your radiator core before ordering) and can be mounted either on the radiator core support with supplied brackets or through the radiator using mounting straps. This system allows you the flexibility of operating both fans thermostatically, or one on continuously and one thermostatically. All mounting hardware and instructions are supplied.

AIR CONDITIONING AND HEATING

visit Ecklers.com for our entire selection of Nova A/C and Heating parts and accessories

Vintage Air SureFit Gen IV Air Conditioning Kits

- The best cooling available for your Chevy II-Nova
- Sure-Fit with electronic servo control, includes air conditioning and heater
- Works with original heater panel
- For stock front end only
- Engine pulleys and belts are not included

The Chevy II/Nova Gen IV Vintage Air A/C unit is sure to keep you cool even on the hottest summer days. It includes all components needed to complete the installation except for belts and engine pulleys. Just install, charge and go! This is not a "hang-on" kit; it fits up under the dash, taking place of the original heater system. This Gen IV unit features fool-proof electronic servo controls that operate using the original heater control panel. These servos control an advanced ECM module for maximum efficiency. The air conditioning ducts are placed on the left, right and center of the dash for efficient cool air distribution. The under-hood components are an easy bolt-on for either small block or big block Chevy engines. Some drilling/cutting is required on the passenger side radiator filler panel for the lines to the condenser. All of our Vintage Air systems use HFC-134A refrigerant.

Chevy Nova mechanical short-style water pumps measure 5-5/8" high from the shaft down with the pilot shaft diameter measuring 5/8". Long-style Chevy Nova water pumps measure 7" high from the shaft down, and the pilot shaft diameter was 5/8" as well. Do not mix and match pulleys from short and long water pump engines because this will cause pulley misalignment. An easy way to find out what style you have while your pump is still installed on the engine is to try to stick your hand between the water pump and timing chain cover. If you can slip your fingers in-between you have a long, if not you have a short.

Vintage Air LS Conversion Air Conditioning Kits

- Great upgrade for your Nova or Chevy III
- Fly-by-wire system has fully electronic servo motor controls
- This kit will make your Camaro, GTO, pre-2013 LS, Corvette, Pontiac G8 LS, Truck, SUV or post 2013 Camaro LS engine conversion for your ride a snap
- Mounts completely behind the dash
- A/C exits through dash vents
- Heat exits at floor
- Includes dehumidified defrost
- Mounts in existing holes in your dash and firewall
- Complete kit includes evaporator, condenser, drier, compressor, and compressor bracket
- Adds high performance 134-A A/C

Nova and Chevy II ushered in a new era for GM with classic looks and timeless appeal. Nova's and Chevy II's are wonderful platforms for an LS engine upgrade. This Vintage Air Gen IV air conditioning unit is sure to keep you cool even on the hottest summer days. This kit includes all components needed to complete the installation except for belts and engine pulleys. Just install, charge and go! This is not a "hang-on" kit; it fits under the dash, taking place of the original heater system. This Gen IV unit features fool-proof electronic servo controls that operate using the original heater control panel. These servos control an advanced ECM module for maximum efficiency. All of our Vintage Air systems use HFC-134A refrigerant.

* Stainless Steel

Low Pressure Cut-Off Switches

- Good quality replacement

Switch is mounted inline with the air conditioning system and disengages clutch when refrigerant becomes too low.

Classic Wire Harness Upgrade Kit

These universal kits are great for your Nova, you'll find that it's easily adaptable to almost any vehicle including larger full size or muscle cars. This kit comes with the GM column mounted ignition switch connectors. Included with this harness are the following parts; a GM engineered fuse block Painless mounting bracket; GM turn signal connectors; prewired plugs for the headlights dimmer switch; and each wire is custom printed with the circuit identification as well as using GM color codes for easy installation.

66-67	21 Circuit Classic Customizable Chassis Painless Harness, GM keyed column	85-852370⁺	284.99 ea.
66-67	28 Circuit Classic-Plus Customizable Chassis Painless Harness, key in dash	85-852390⁺	299.99 ea.
66-67	23 Circuit, Pro Series, GM Keyed Column Painless Harness	85-852392⁺	524.99 ea.

This kit is for updating your classic car to modern fusing, additional power sources for power windows and other electronics, extra long wire lengths for stock or custom wire routing, and will function with any engine update including those requiring a engine management system (ECM) with the appropriate harness for the engine (not included).

LED Halo Headlights

- 7" Ultra white halogen headlight replaces original H6014 and H6024
- Parabolic headlamp provides 50% more light than original equipment
- Simple plug 'n play harness for headlight bulb
- LED halo may be spliced in as a daytime running lamp, parking light or turn signal
- Angel eyes LED SMD halo ring provides 100,000+ hours
- Halo rings draw very low voltage so they can be left on at car shows
- Glass lens with thermoformed plastic parabolic reflector for long service life

If you like the Angel Eyes halo LED running lights on some of the newer model cars, Eckler's Nova has come up with a neat product! These replacement headlights have powerful ultra-white Halogen bulbs with LED halo rings, and will fit with a little modification to the back of the headlight buckets. The LED rings light up with a brilliant light that draws low voltage so you can leave them on at car shows. Make the kids proud and order a pair of Redline Lumtronix White Diamond headlights for your Nova or Chevy II today!

62-79	Round white diamond w/single color white LED halo	85-326104^A	171.99 ea.

Vintage Car Audio Compact Amplifier with Wireless Bluetooth

- 180 watt amplifier (4 channels x 45W)
- Aux and pre-amp in
- Current sensing for inputs
- Wireless Bluetooth streams music from any capable device
- Awesome new upgrade for any ride with or without a radio!
- Mute activates for incoming calls
- Connects to any radio through an amplifier interface
- Super compact size (5" x 5" x 2") mounts virtually anywhere

This small Bluetooth-capable amplifier has the capability to stream music from any wireless Bluetooth-enabled device from up to thirty feet away. It can be used with or without a radio in any vehicle. You can simply connect 2 or 4 speakers to the amplifier and work everything directly from a Bluetooth enabled device, or it also can be connected to any radio through an amp interface. When connected to a radio, it allows you to listen to all normal radio functions, then once your Bluetooth is enabled, the current sensing mutes the output from the radio and your streaming from your Bluetooth device begins.

62-99 **85-357364^A** **132.99** ea.

Custom Autosound Undercover I Speaker

- Mounts anywhere
- 5.5" woofer, 120 watt capability
- Piezo tweeter in each enclosure
- 3" high x 8.25" wide x 11.25" long

Custom Autosound designed and manufactured these speakers specifically for 'under seat' or horizontal 'wall' installations. Could be used on large 'parcel shelves'— wherever! Compact unit with one 5-1/2" woofer and piezo tweeter in each enclosure. Under seat fit for most pre-78 cars and trucks.

62-79 **85-293108^A** **129.99** ea.

"The System" 1 Speaker Upgrade Kit

- Aluminum subwoofer enclosure with 8" woofer
- 3 channel amplifier
- Two 3" mid/tweeter satellite speakers with die cast housings
- Remote bass level control
- Amplifier installation kit
- 50 watt subwoofer
- 2 x 50 watt mid tweeters
- Can be hooked up to any radio with speaker level or RCA inputs

The System solves the age old problem of where to put speakers in classics, customs and street rods.

Satellite speakers look like A/C vents and can be mounted under the dash, on the kickpanels or even the back package tray. The woofer is optimally mounted under the seat but can be mounted in the trunk.

62-79 **85-315057^A** **289.99** kit

Lowest Price Guarantee

Eckler's Guarantee is simple: You always get the best quality parts at the lowest price! Show us the identical item advertised in any current magazine, catalog, or website and we'll match our competitor's current price, guaranteed! This offer is available only at the time of purchase and applies to in-stock merchandise only. We can't combine this with any other offer. Tires, restoration services, kits, window glass, cores, reproduction batteries, certain engines, transmissions, used parts, special order parts, and shipping and handling charges are excluded.

Find the Latest Prices on our Website

Prices in this catalog were correct at the time of printing but are subject to change. Visit Ecklers.com for the latest up-to-the-minute pricing as well as hundreds of items not appearing in this catalog. Eckler's is not responsible for pricing changes, errors, or omissions in this catalog or online. Prices are subject to change without notice.

100% Satisfaction Guaranteed

Our commitment to you: If for any reason you are not 100% satisfied with any of our products, return them for a full refund, credit or exchange—your choice.

Best Parts, Best Price

This is not just a slogan! Eckler's is committed to providing the highest quality parts at the most competitive prices. We source and select all of our parts exclusively from the world's leading brand name manufacturers using our massive buying power. This means you get the best there is, at the best prices in the market today.

Shipping and Handling

Check Ecklers.com for current shipping and handling estimates. In the catalog, denotes items that ship via truck, and denotes oversized dimensions or weight, which incur additional charges.

Gift Certificates

Perfect for when you just can't decide. Available in many different amounts from \$25 right up through \$1,000. Redeemable for any items we sell.

Need it Fast?

Have your order delivered within 1 or 2 business days by using Express Shipping! Express Shipping is limited to in-stock, non-oversized items weighing less than 20 pounds. Orders must be placed Monday–Friday before 1:00 p.m. EST. Please contact our sales team for rates.

Same-Day Processing

Standard U.S. order processing time for in-stock items is 24 hours. If you need your order processed the same day, call us Monday–Friday before 1:00 p.m. EST and request same-day processing. For a small charge we'll provide special processing of all in-stock parts the same day.

Limited Warranty

Eckler's will not be responsible for any damage or loss caused by delays, failures, consequential damage, labor, transportation, or any other charges incurred in the replacement or repair of a defective item. Eckler's is not responsible for any consequences resulting from the installation of any parts.
